TOWN OF GREAT BARRINGTON MASSACHUSETTS

OFFICE OF THE TOWN MANAGER

February 22, 2023

Dear Honorable Members of the Selectboard and Finance Committee:

In accordance with Chapter C, Section 6 of the Town Charter, I hereby submit Great Barrington's proposed Fiscal Year 2024 Operating and Capital Budgets. I am pleased to present a balanced budget with expenditures not exceeding conservative revenue projections while maintaining or increasing the level of quality public services our residents, business owners, and visitors have come to expect.

Great Barrington, like most communities in the Commonwealth, relies heavily on revenues generated by local property taxes. This year is no different with an estimated 79% of our budget funded from taxation. Other sources of revenue include local receipts, state aid, certified free cash, and funding from grants.

Below you will find the schedule of budget hearings followed by an "At-A-Glance" Summary of expenses and revenues, and an overview of the key issues for discussion this year:

FY24 BUDGET CALENDAR:

Date:	Time:	Location:
Tuesday February 28th	6:00 PM	Hybrid (Overview Presentation)
Wednesday March 1st	6:00 PM	Hybrid
Tuesday March 7th	6:00 PM	Hybrid
Wednesday March 8th	6:00 PM	Hybrid
Wednesday March 22nd	6:00 PM	Hybrid (Public Hearing)

PROPOSED FY24 EXPENSES AT-A-GLANCE:

TOWN OPERATING BUDGET: The proposed operating budget for the coming year is \$14,738,633 which is an increase of \$844,596 or 6.1% over FY23.

WASTEWATER TREATMENT: The proposed operating budget for the Enterprise Fund is \$2,831,982, which is an increase of \$108,890 or 4.0% over FY23. As an Enterprise Fund, all expenses associated with this budget are funded by the users of the system. The proposed Capital Budget for the Wastewater Treatment Plant (WWTP) requests a total authorization of \$614,400 this year.

CAPITAL BUDGET: The proposed general fund capital budget requests a total authorization of \$8,159,100 this year, with \$1,972,500 in funding expected through other (non-borrowing) revenue sources such as the CPA, grants, and Chapter 90 funding.

SCHOOL ASSESSMENT: The estimated assessment for our share of the Berkshire Hills Regional School District Budget is \$19,939,489, which is an increase of \$992,889 or 5.2% over FY23.

ESTIMATED FY24 REVENUES AT-A-GLANCE:

PROPERTY TAXES: This year's budget assumes that \$27,531,429 of revenue will be collected through local property taxes. An increase of \$1,349,821 or 5.2%.

LOCAL RECEIPTS: This year's budget assumes that \$2,222,500 will be collected through our local revenue streams (an increase of \$185,321 or 9.1%). This includes motor vehicle excise taxes, license/permit and inspectional fees, local option taxes from rooms, meals, and the sale of retail marijuana products.

STATE AID: This year's budget assumes that we will receive approximately \$1,350,377 in state aid, an increase of \$0 or 0%. (The Healey Administration has not released a draft FY24 budget as of this printing, so this estimate is based on actual state aid received in FY23).

FREE CASH: Our available certified free cash is \$10,318,568. Retained Earnings for the Enterprise Fund is certified at \$5,861,509. This year's budget proposes to apply \$4,000,000 in Free Cash to reduce the tax levy, a decrease of \$100,000 or -2.4% below FY23.

OPERATING BUDGET HIGHLIGHTS AT-A-GLANCE

BY DEPARTMENT IN THE ORDER IN WHICH THEY APPEAR IN YOUR BUDGET BINDER:

Town Accountant 01135- This year's proposed budget is an increase of \$34,398 or 21.51% to fund the creation of an Assistant Accountant position. In prior years, this was a part-time (.25) Financial Clerk position.

Technology 01136- This year's technology budget includes an increase of \$72,135 or 26.33%. This includes all of our software license fees, data services/telephones, and contracted services. The bulk of the increase is a result of two lines-----Software licenses (which now includes the STR registration program) and the creation of a new Director of IT Services position for the second half of the fiscal year beginning January 1st.

Collector/Treasurer 01156- This year's budget reflects an increase of \$47,643 or 20.64% which is primarily due to an increase in the need for tax title litigation services and increased postage for all town departments.

Human Resources 01152- This was a new budget for FY23 and funds our portion of the shared HR Director salary and benefits for five (5) South County Towns. FY23 was funded by a state grant, which is why the increase in this budget looks significant at \$16,278 or 83.44%.

Conservation 01171- This year's budget proposes to increase the hourly rate for our Conservation Agent after several years of stagnation, to a more competitive rate. The total budget increase is \$18,736 or 59.96%.

Buildings and Grounds 01192- Several increases are being proposed in this budget that total \$144,736 or 17.99%. Most are necessary to address inflation and the rapid increase in prices for electricity, heating fuels, supplies, etc. In addition, the budget proposes a new Assistant DPW Superintendent position beginning January 1, 2024, split between multiple DPW budgets.

Police Department 01210- This budget is relatively level for the coming year, but an additional patrol officer is being proposed with a start date of November 1, 2023. The Chief will explain in more detail at the appropriate time. The total increase proposed is \$112,299 or 6.02%

Fire Department 01220- Up this year by \$114,893 or 15.87%. The majority of this increase is in salaries with increases being proposed for call firefighters, and modest increases for the full-time firefighters with the addition of one (1) new firefighter position to begin on January 1, 2024.

DPW Highways 01422- An increase of \$134,321 or 7.22%. This is primarily attributed to increases in the following lines: street lights, contracted services, landfill and transfer station engineering, safety supplies, and gasoline and diesel. Also included in this budget, is a portion of the proposed Assistant DPW Superintendent salary.

Community Services 01528- A decrease of \$10,000 or -28.57% is proposed this year, due mostly to other sources of town grants available through ARPA and CIF funds. Historical Appropriations: FY17/\$20k, FY18/\$35k, FY19/\$30k, FY20/\$35k, FY21/\$25k, FY22/\$30k, FY23/\$35k and **FY24 Proposed/\$25k**

Debt Service 01752- An increase of \$191,422 or 8.31%. This increase is required to fund the interest on short and long-term bonds and fund debt issuance costs as detailed in the debt service budget.

Retirement 01911- An increase of \$105,678 or 10.05%. This reflects the increase in our Medicare and Retirement Contribution assessments.

Wastewater Enterprise 60442- An increase of \$108,890 or 4.0% is being proposed due to the increased costs associated with electricity, police details, gasoline and diesel, chemicals and supplies, debt issuance costs, and an increase in the general fund allocation.

CONCLUSION:

This budget memo and the proposed budget before you, is the culmination of hundreds of hours of staff and volunteer time. As our work concludes with these presentations, your work begins. Staff will be present throughout the hearings to answer any questions you may have.

I am very much looking forward to working with the Selectboard and Finance Committee in the coming weeks to discuss our shared priorities and develop a final budget that we can all support at the conclusion of this process.

I am grateful for the support of the various department heads and staff that participated in developing this budget and for their creative suggestions and ideas that will allow us to continue providing quality services while remaining fiscally responsible to our residents and taxpayers.

A special thank you to our new Financial Coordinator Allie Crespo for all her work developing this year's budget, and to our Assistant Town Manager Chris Rembold for his time developing and managing our Capital Improvement Plan.

Mark A. Pruhenski- Town Manager

Standard Terms and Conditions

Axon Enterprise Inc. Sales Terms and Conditions

Axon Master Services and Purchasing Agreement:

This Quote is limited to and conditional upon your acceptance of the provisions set forth herein and Axon's Master Services and Purchasing Agreement (posted at www.axon.com/legal/sales-terms-and-conditions), as well as the attached Statement of Work (SOW) for Axon Fleet and/or Axon Interview Room purchase, if applicable. In the event you and Axon have entered into a prior agreement to govern all future purchases, that agreement shall govern to the extent it includes the products and services being purchased and does not conflict with the Axon Customer Experience Improvement Program Appendix as described below.

ACEIP:

The Axon Customer Experience Improvement Program Appendix, which includes the sharing of de-identified segments of Agency Content with Axon to develop new products and improve your product experience (posted at www.axon.com/legal/sales-terms-and-conditions), is incorporated herein by reference. By signing below, you agree to the terms of the Axon Customer Experience Improvement Program.

Acceptance of Terms:

Any purchase order issued in response to this Quote is subject solely to the above referenced terms and conditions. By signing below, you represent that you are lawfully able to enter into contracts. If you are signing on behalf of an entity (including but not limited to the company, municipality, or government agency for whom you work), you represent to Axon that you have legal authority to bind that entity. If you do not have this authority, please do not sign this Quote.

Subject: RE: Capital
Attachments: Ronnie's_UTV_Quote_12-29-2022.pdf

Ok. Here is the price quote for the UTV. Here is an estimate for the UTV. It is a few thousands over what I was guessing. The rough estimate I got for the trailer was \$12,000 but I will not get a more reliable quote until next week when the manufacturer re-opens after the holidays. Maybe increase the \$40,000 to \$44,000 to be on the safe side. Thanks.

Scraper Use

Extended Warranty is available only through authorized John Deere Dealers for John Deere Products, and may be purchased at any time before the product's Standard Warranty, or Extended Warranty expires.

Extended Warranty Proposal Prepared for:

I have been offered this extended warranty and

Customer Name - Please Print

☒ I ACCEPT the Extended Warranty

☐ I DECLINE the Extended Warranty

Customer Signature

If declined, I fully understand that any equipment listed above is not covered for customer expenses due to component failures beyond the original basic warranty period provided by John Deere.

Note : This is not a contract. For specific Extended Warranty coverage terms and conditions, please refer to the actual Extended Warranty contract for more information and the terms, conditions and limitations of the agreement.

What Extended Warranty is :

The Extended Warranty Program is for the reimbursement on parts and labor for covered components that fail due to faulty material or original workmanship that occur beyond the John Deere Basic Warranty coverage period. The agreement is between Deere & Company and the owners of select John Deere Construction and Forestry equipment, who purchase the Extended Warranty Plans for the desired coverage as indicated in this proposal.

What Extended Warranty is not :

Extended Warranty is not insurance. It also does not cover routine maintenance or high wear items, or insurance-related risks/perils such as collision, overturn, vandalism, wind, fire, hail, etc. It does not cover loss of income during or after an equipment failure. See the actual product-specific Extended Warranty agreement for a complete listing of covered components, and limitations and conditions under the program.

Features/Benefits:

- Extended Warranty includes the following features and benefits under the program :
- Pays for parts and labor costs incurred on failed covered components (less any applicable deductibles),
- Does not require pre-approval before repairs are made by the authorized John Deere dealership,
- Payments are reimbursed directly to the dealership with no prepayment required by the contract holder.

All,

Attached is the quote from Liberty Chevy for the base vehicle and a quote for a total unfit from Pittsfield Communications. The only thing missing is the possible trade value from Liberty. They stated he could get me a number if the project moves forward and closer to turn in time. I assume 7-10k.

CAPITAL IMPROVEMENT PROGRAM FY24 SUMMARY

Capital projects are identified and prioritized using the input and requests from department heads and includes projects that are required to keep our infrastructure, including bridges, buildings, equipment, streets, and vehicles in good and safe working order. It also includes projects that further the goals and strategies of community planning efforts, including, for example, the Master Plan, Open Space and Recreation Plan, and Complete Streets plan. Also, new tools including a wastewater and stormwater asset management database and a streets/roads asset management database are now being used to track recent investments and project future needs.

General Fund Capital Projects

Capital projects proposed for FY24 in the general fund total \$8,159,100 and are summarized below.

Building and Grounds: The FY24 budget for buildings and grounds is one of the largest we have proposed in recent years, and almost all of this is proposed to be funded by borrowing. The projects include important replacements and/or upgrades to building systems, such as heating/cooling at the Police Station, in order to increase safety and efficiency and to preserve the long term viability of town assets. We also propose to develop a buildings asset management plan, for which we already have a \$50,000 seed grant in hand. This will prove invaluable for designing efficient building systems, addressing major needs before they arise, and for developing plans sufficient to compete for local and state grant funds.

Equipment: The equipment line includes equipment replacement for the Police Department, which will replace tasers and firearms to ensure they are safer and in top working order. The utility-terrain vehicle for the Fire Department will reduce our dependence on mutual aid equipment which can take 30 minutes to arrive on scene. This will facilitate much faster response to remote emergency calls and much faster evacuation therefrom. DPW seeks a leaf blower and equipment for the buildings/grounds crews. We propose these purchases be funded through free cash.

Parks: Park improvements are planned at the parks on Gilmore Avenue and Grove Street, and for a multi-purpose/soccer field at Olympian Meadow. The budget also includes funds in order to install and/or replace play equipment at other parks throughout Town. We propose these costs be funded by borrowing.

Street, Sidewalks, Bridges: FY24 road projects include the long-planned Lake Mansfield area improvements, which is planned to be funded mostly through grants. Already nearly \$1 million is in place for that project. Other “complete street” type projects include improvements to the rail trail in Housatonic, partially funded by CPA, and to sidewalks and bus stops throughout town. The main focus areas for road improvements are the side streets off of Stockbridge Road and, in Housatonic, the Grove Street area streets. We will continue engineering to renovate Main Street south of the roundabout, for planned construction in FY25; however, the first phase which involves the replacement of a retaining wall near the Mahaiwe Cemetery is planned for FY24. Some of this year’s work is planned to be funded by grants and Chapter 90; and we propose the balance to be funded by borrowing.

Technology: This year’s technology budget includes the costs to “make ready” utility poles in order to serve Housatonic with fiber optic broadband. The pole route includes a portion of Stockbridge Road, Park Street / Route 183 to the village, and village core area of Pleasant, Main and Front Streets. The Town will seek grants to offset at least a portion of these costs, and borrow the balance needed.

Vehicles: Total vehicle spending is proposed at \$689,400. This includes several replacement trucks and a replacement loader and an excavator the DPW. All of these equipment is at the end of its useful life and

has significant wear and tear. The lead time for these vehicles can be up to two years making existing equipment that much older by the time replacements arrive. We propose to fund these purchases by borrowing. In addition, one Police vehicle is up for replacement, to be funded by free cash.

Wastewater Enterprise Fund Capital Projects

Not included in the above general fund projects are proposals to be funded through the wastewater (sewer) enterprise fund, using retained earnings rather than borrowing. For FY24, the Wastewater Division requests \$614,400 towards the engineering required to maintain compliance with DEP and EPA permits. We also propose to continue our ongoing manhole rehabilitations and pipe linings/replacements throughout the system. Those efforts will continue yearly for several years. Significant upgrades to the treatment plan are likely to be required in the coming years as new EPA permits are imposed.

• Certified Free Cash	• \$ 10,318,568
• Stabilization Fund	• \$ 584,396
• Capital Stabilization Fund	• \$ 1,326,988
• Excess Levy Capacity (est. FY24)	• \$ 1,486,720
• Sewer Enterprise Retained Earnings	• \$ 5,861,509

Great Barrington Budget & Financial Policy for Fiscal Year 2024

Budget & Financial Policy

The Town of Great Barrington will manage municipal finances wisely. This will include planning for adequate funding to:

- 1) Provide and maintain public services and facilities at a level that will ensure public well-being and safety;
- 2) Comply with all State and local by-laws, rules, and regulations; and
- 3) Meet the strategic priorities of the Town.

The budget and financial goals set forth by the Town Selectboard and the Finance Committee in the policy document outline the priorities and objectives of the Town and provide agreed-upon financial guidelines to be used in the preparation and review of the annual budget.

STRATEGIC PRIORITIES

- Ensure public safety.
- Ensure public health.
- Maintain a strong local economy.
- Strive for a high quality of life.
- Seek environmental sustainability.
- Ensure the fiscal stability of the Town.
- Maintain public infrastructure.
- Support affordable housing
- Follow Great Barrington's Master Plan.

FINANCIAL GOALS

- Maintain adequate financial resources to sustain municipal services in the short and long term.
- Respond to the changes in the economy and meet the priority needs of the Town.
- Provide quality services efficiently and on a cost-effective basis.
- Maintain our top-level bond rating.
- Work to keep the overall tax levy reasonable in consideration of other priorities and goals.¹

FINANCIAL MANAGEMENT POLICY

Revenue

- Services provided may not exceed available resources.
- Process must provide quality estimates of anticipated revenue.
- Process must anticipate any changes in revenue in upcoming years.
- Seek to diversify revenue sources.
- Estimate available resources including state funds, local funds, fees, grants and other sources.

Real Estate Tax

- Town should restrict levy to a 2.5% increase over the prior year levy limit adjusted for new construction growth and net debt and capital exclusions, as per Mass General Law.
- Proposed budget to not exceed legal property tax levy. Evaluate estimated tax rate based on level of affordability including average and median income; average and median value of real property and the cost of living.

¹ For further information, see 'Tax Levy Considerations' in Financial Policy Manual, Town of Great Barrington, Prepared by Division of Local Services Technical Assistance Bureau , June 2020, page 2:
<https://www.mass.gov/doc/greatbarrington-ccc-policies-june-2020/download>

Free Cash and Reserves

- The Town will monitor overall general fund reserves (free cash and stabilization funds) as a percentage of the annual operating budget. The relative percentage and sufficiency of these will be evaluated relative to guidance from the state, historical trends and other factors.
- If the Town generates free cash consistently higher than historical trends and guidance from the state, the Town Manager will closely examine future budget proposals to determine if adjustments are appropriate.

User Fees

- Establish user fees and other non-property tax revenues to recoup, to the extent possible, the costs of supplying a particular service.
- Review current department fee structures and charges for services periodically to determine if they reflect the cost of the service and are also reasonable and affordable fees.

Debt Management

- Allow no borrowing to fund operational programs
- Debt service payments may not require the elimination of essential Town services
- Ensure that the Town's general obligation debt ratio not exceed 50% of statutory limit (5% of equalized valuation).
- Exempt from Proposition 2½ any long-term capital debt for municipal buildings, WWTP improvements, fire apparatus acquisition, and school facilities improvements.

Service Delivery

- Manage financial resources through internal controls.
- Establish operation practices that minimize the cost of government and financial risk.
- Provide efficient public services.
- Minimize the cost of administration.
- Identify and measure performance outcomes.
- Review the level of services and standards annually.

Guidelines for The Budget Preparation Process

- The Town budget will be estimated in accordance with municipal code and applicable state law. The budget is based on separate funds set forth from anticipated revenues and expenditures for the General Fund and the Enterprise Fund.
- The annual operating budget will contain complete financial statements that show outstanding obligations of the municipality, cash on hand to the credit of each fund, funds received from all sources during the preceding year, funds available from all sources during the ensuing year, revenue estimates to cover expenses in the proposed budget and the estimated tax rate required to fund the proposed budget.

The budget preparation and review process shall include the following steps:

1. Review and approve Finance Policy
2. Distribute Budget Books:
 - a. Forecast Revenues.
 - b. Updated Capital Plan.
 - c. Review Department Budgets.
3. Recommended Projects Proposed for CPA Funds.
4. Participate in BHRSD joint budget meeting with Stockbridge and West Stockbridge.
5. Hold Budget Workshop Meetings. Hold Public Hearing.

The Selectboard and the Finance Committee will jointly set the dates for the above budget meetings.

The following will be done to ensure there is community engagement in the budget process:

- 1) Provide on-line access to budget information.
- 2) Provide printed budget books for the public at the libraries.
- 3) Provide a digital budget book on the Town website.
- 4) Hold open meetings and hearing.

LOCAL GOVERNMENT SERVICES

- The Town Manager will prepare the budget for review by the Selectboard and the Finance Committee.
- The Town Manager may propose significant reorganizational changes and provide alternative ways to deliver services within the proposed budget.
- Performance objectives and goals will be identified and assessed.
- The Town Manager may propose elimination of services in the budget if it is not needed or cost-effective and/or propose new services as needed.
- Any service reductions shall be noted in the budget presentation.
- Salaries and employee insurance contributions shall be set in the Fiscal Year budget pursuant to the Town's collective bargaining units and/or those already approved via a negotiated settlement and for non-represented personnel as authorized by the Town Manager.

For any proposed new initiatives, the Town Manager will:

- 1) Explain and justify the new needs(s).
- 2) Identify alternatives to what is being proposed and the pros and cons.
- 3) Identify the cost and benefit of the proposed alternative.
- 4) Identify financing source(s) to pay for new need.
- 5) New need(s) include: any expansion of municipal services necessary; any additional staff and any additional resources needed to meet service needs or expanded service needs.

TOWN BUDGET FORMAT

The following will be done to ensure that the budget information is provided in a format that is clear, accurate and complete.

1. Operating Budget Process:

- The Town Manager will request that Departments submit proposed budgets with operational plans and reports. Background information will include department goals and objectives, strategic initiatives, summary of activities, and level of service.
- The Town Manager will review methods of operation, program service delivery, and expenditure of resources inclusive of manpower allocation to ensure maximum efficiency of the Town.

2. The Budget Book:

- The Town Manager will provide complete **financial statements** in the Budget Book to include:
 - Outstanding obligations and anticipated new borrowings.
 - Cash on hand.
 - Funds received from prior year.
 - Sources of funds from prior year.
 - Estimated revenues.
 - Estimated expenses.
 - Estimated tax levy.
 - Estimated tax rate.
 - Estimated user fees for services.
- The Town Manager will also provide a **Capital Budget Report** to include:
 - The Town defines a capital project as having an overall expenditure of \$15,000 and a life expectancy in excess of 3 years.

- The Town's annual budget will include a capital plan that identifies work to be started within that fiscal year.
- The budget shall include a five-year Capital Improvement Plan for all Town assets.
- Each year, the Selectboard and the Finance Committee will review the five-year Capital Improvement Plan to identify the future upcoming needs, review any changes to the schedule, cost estimate or sources of funding.
- Operational costs associated with any new equipment or infrastructure will be identified.
- The capital budget report will include the Debt Schedule broken down by department and function and a 10-year history be provided if possible.
- Identify a funding plan that reflects available State funds, grants, bonds and tax levy dollars to finance each project.
- The Town Manager shall prepare a budget for the **Enterprise Fund** that maintains it as a self-supporting fund, without a property tax transfer.
 - The Enterprise Fund budget will include a report on sewer fees and rate structure.

3. Other Information/Reports

- If deemed necessary and appropriate for adequate review of the proposed budget, the Finance Committee and/or Selectboard may request that the Town Manager include, if possible, supplemental materials either in the Budget Book or in a separate report/document presented at a budget meeting or at a separate meeting. These may include, but are not limited to:
 - Historical Financial Information
 - Estimated Local Receipts
 - Free Cash sources and uses
 - Tax Levy and Tax Rate
 - Special Articles, individual and totals
 - Aggregated data regarding property tax collections, such as collected/payment plan/delinquencies for last 3-5 years
 - History of various reserve accounts, i.e., stabilization, capital stabilization, "health insurance".
 - Five-year history of long-term and short-term debt
 - Schedule of Authorized but Unissued Debt, including changes from prior years
 - Financial Projections
 - Show 5-year projections of LT debt including approved future borrowings
 - Projected Debt Service payments
 - Summary Report on Expenditures for Employee Medical (current and Retired "OPEB") and Pension Benefits
 - Five year history and projected (if available)
 - Review funding for future retiree medical benefits (OPEB Trust)
 - Pension Fund summary report
 - What percentage of the obligation is funded

Approved at December 5, 2022 joint Selectboard & Finance Committee Meeting

Municipal Budget Glossary

Abatement – A reduction or elimination of a real or personal property tax, motor vehicle excise, fee, charge, or special assessment imposed by a governmental unit. Granted only on application of the person seeking the abatement and only by the committing governmental unit.

Advance Refunding of Debt – This occurs when new debt is issued to replace or redeem old debt before the maturity or call date of the old debt. Under these circumstances, the proceeds of the new debt must be placed in escrow and used to pay interest on old, outstanding debt as it becomes due and to pay the principal on the old debt, either as it matures or at an earlier call date. (See Refunding of Debt, Current Refunding of Debt)

Amended New Growth – When the assessors discover inadvertently omitted properties that would have been new growth, they may submit an Amended Tax Base Growth Report (Form LA-13A) to BLA before setting the tax rate for the next fiscal year. BLA will certify the amount of any additional tax base growth and notify BOA. BOA will then recalculate the community's levy limit and notify the assessors of the new base for the purposes of calculating the succeeding year's levy limit.

Amortization – The gradual repayment of an obligation over time and in accordance with a predetermined payment schedule.

Appellate Tax Board (ATB) – Appointed by the governor, the ATB has jurisdiction to decide appeals from local decisions relating to property taxes, motor vehicle excises, state-owned land valuations, exemption eligibility, property classification, and equalized valuations.

Appropriation – An authorization granted by a town meeting, city council or other legislative body to expend money and incur obligations for specific public purposes. An appropriation is usually limited in amount and as to the time period within which it may be expended.

Arbitrage – As applied to municipal debt, the investment of tax-exempt bonds or note proceeds in higher yielding, taxable securities. [Section 103 of the Internal Revenue Service \(IRS\) Code](#) restricts this practice and requires (beyond certain limits) that earnings be rebated (paid) to the IRS.

Assessed Valuation – A value assigned to real estate or other property by a government as the basis for levying taxes. In Massachusetts, assessed valuation is based on the property's full and fair cash value as set by the Assessors. (See Full And Fair Cash Value)

Assessment Date – The date property tax liability is fixed. In Massachusetts, property taxes are assessed as of the January 1 prior to the fiscal year. Assessors determine the physical status of taxable real and personal property, its ownership, fair cash value, and usage classification as of that date. By local option ([MGL c. 59 § 2D](#)), the physical status of real property on June 30 is deemed to be its condition on the previous January 1.

Assessment Sale Ratio (ASR) – Property assessed value divided by sales price. Expresses the relationship between the assessed value of a sold property and its most recent sales price. The ASR is instrumental in BLA’s certification of municipal property values completed every five years.

Audit – An examination of a community's financial systems, procedures, and data by a certified public accountant (independent auditor) resulting in a report on the fairness of financial statements and local compliance with statutes and regulations. The audit serves as a valuable management tool for evaluating a community’s fiscal performance.

Audit Management Letter – An independent auditor's written communication to government officials, separate from the community's audit. It generally identifies deficient areas, if any, and presents recommendations for improving accounting procedures and other internal controls.

Audit Report – Prepared by an independent auditor, an audit report includes: (a) a statement of the audit’s scope; (b) explanatory comments as to the application of auditing procedures; (c) findings and opinions; (d) financial statements and schedules; and (e) supplementary comments, recommendations and statistical tables. It is very often accompanied by a management letter.

Available Funds – Balances in the various fund types that represent nonrecurring revenue sources. As a matter of sound practice, they are frequently appropriated for unforeseen expenses, capital expenditures, or other one-time costs. Examples of available funds include free cash, stabilization funds, overlay surplus, water surplus, and retained earnings.

Balance Sheet – A statement that discloses the assets, liabilities, reserves, and equities of a fund or governmental unit as of a specified date.

Balanced Budget – A budget where estimated revenues equal estimated expenditures.

Bank Qualified – When a municipality issues \$10,000,000 or less in bonds or notes in a calendar year, these issuances are designated as “bank qualified.” The bank that purchases the security receives a tax deduction (80% of the interest cost) for this type of purchase. This deduction makes bank qualified bonds and notes attractive purchases.

Betterments (Special Assessments) – Whenever part of a community benefits from a public improvement or betterment (e.g., water, sewer, sidewalks, etc.), special property taxes may be assessed to that area’s property owners to reimburse the governmental entity for all or part of the costs it incurred to complete the project. Each property parcel receiving the benefit is assessed a proportionate share of the cost, which may be paid in full or apportioned over a period of up to 20 years. If spread over the years, the community adds one year’s apportionment along with one year’s committed interest computed from October 1 to October 1 to the associated tax bills until the betterment has been paid.

BLA – Bureau of Local Assessment

Block Grant – A federal grant of money awarded by formula under very general guidelines that allow grantees broad latitude in spending activities.

BOA – Bureau of Accounts

Bond – A means to raise money through the issuance of debt. A bond issuer/borrower promises in writing to repay a specified sum of money, alternately referred to as face value, par value or bond principal, to the buyer of the bond on a specified future date (maturity date), together with periodic interest at a specified rate. The term of a bond is always greater than one year. (See Note)

Bond Anticipation Note (BAN) – Short-term debt instrument used to generate cash for initial project costs with the expectation the debt will be replaced later by permanent bonding. Typically issued for a term of less than one year, BANs may be reissued for up to 10 years, provided principal repayment begins after two years ([MGL c. 44 § 17](#)).

Bond Authorization – The action of town meeting or a city council authorizing the executive branch to raise money through the sale of bonds in a specific amount and for a specific purpose. Once authorized, issuance is by the treasurer upon the signature of the mayor or the board of selectmen. (See Bond Issue)

Bond Counsel – An attorney or law firm engaged to review and submit an opinion on the legal aspects of a municipal bond or note issue.

Bond Issue – The actual sale of the entire, or portion of, the bond amount authorized by a town meeting or city council.

Bond Premium – The difference between the market price of a bond and its face value (when the market price is higher). A premium occurs when the bond's stated interest rate is set higher than its true interest cost (the market rate). Premiums received at the time of sale must be used to pay project costs and reduce the amount borrowed by the same amount or be reserved for appropriation for purposes for which debt has or may be authorized for an equal or longer period than the original loan. Additions to the levy limit for a Proposition 2 ½ debt exclusion are restricted to the true interest cost incurred to finance the excluded project. If the premium is not used to pay project costs and reduce the amount of a debt-excluded borrowing, the annual debt exclusion must be adjusted to reflect the true interest rate.

Bond Rating (Municipal) – A credit rating assigned to a municipality to help investors assess the future ability, legal obligation, and willingness of the municipality (bond issuer) to make timely debt service payments. Stated otherwise, a rating helps prospective investors determine the level of risk associated with a given fixed-income investment. Rating agencies, such as Moody's and Standard & Poor's, use rating systems that designate a letter or a combination of letters and numerals, where AAA is the highest rating and C1 is very low.

Bonds Authorized and Unissued – Balance of a bond authorization not yet sold. Upon completion or abandonment of a project, any remaining balance of authorized and unissued bonds may not be used for other purposes but must be rescinded by town meeting or the city council to be removed from community's books.

Budget Policy – The document annually adopted by the Finance Committee and Selectboard establishing the guidelines under which the Town Manager shall follow in the development of the

Town budget.

Bureau of Accounts (BOA) – A bureau within the Division of Local Services charged with overseeing municipal execution of financial management laws, rules and regulations.

Bureau of Local Assessment (BLA) – Bureau within the Division of Local Services charged with overseeing municipal execution of state laws, rules and regulations involving real and personal property assessments. BLA is also responsible for determining equalized valuations and overseeing the valuation of state-owned land.

Capital Asset – Any tangible property used in the operation of government that is not easily converted into cash and that has an initial useful life extending beyond a single financial reporting period. Capital assets include land and land improvements; infrastructure, such as roads, bridges, water and sewer lines; easements; buildings and building improvements; vehicles, machinery and equipment. Communities typically define capital assets in terms of a minimum useful life and minimum initial cost.

Capital Budget – An appropriation or spending plan that uses borrowing or direct outlay for capital or fixed asset improvements. Among other information, a capital budget should identify the method to finance each recommended expenditure (e.g., tax levy or rates) and identify those items that were not recommended.

Capital Improvements – Expenditures which result in the acquisition of land, construction costs or improvements to land, buildings, or equipment valued at \$10,000 and with useful lives of at least 2 years.

Capital Improvement Program – A blueprint for planning a community's capital expenditures that comprises an annual capital budget and a five-year capital plan. It coordinates community planning, fiscal capacity, and physical development. While all the community's needs should be identified in the program, there is a set of criteria that prioritize the expenditures.

Capital Outlay – The exchange of one asset (cash) for another (capital asset) with no ultimate effect on net assets. Also known as "pay as you go," it is the appropriation and use of available cash to fund a capital improvement, as opposed to incurring debt to cover the cost.

Cash Book – A source book of original entry that a treasurer is required to maintain for the purpose of recording municipal receipts, adjustments to balances, deposits to municipal accounts, and disbursements through warrants.

Chapter 90 Highway Funds – State funds derived from periodic transportation bond authorizations and apportioned to communities for highway projects ([MGL c. 90 § 34](#)).

Chapter Land – Forest, agricultural/horticultural, and recreational lands classified, valued, and taxed according to [MGL c. 61](#), [61A](#), and [61B](#). Land is valued at its current use rather than the full and fair cash value. The commercial property tax rate is applicable for land defined under these chapters, unless the community adopts a local option provision within each chapter to apply the open space rate.

Charter – An act establishing the Selectboard/Town Manager form of administration in the [Town of Great Barrington enacted by the General Court as Ch. 184, Act of 1992](#).

Cherry Sheet – Named for the cherry-colored paper on which they were originally printed, the Cherry Sheet is the official notification to cities, towns, and regional school districts of the next fiscal year's state aid and assessments. The aid is in the form of distributions, which provide funds based on formulas and reimbursements that provide funds for costs incurred during a prior period for certain programs or services.

Cherry Sheet Assessments – Estimates of annual charges to cover the costs of certain state and county programs.

Cherry Sheet Offset Items – Local aid that may be spent without appropriation in the budget but which must be spent for specific municipal and regional school district programs. Current offset items include racial equality grants, school lunch grants, and public library grants.

Classification of Real Property – Assessors are required to classify all real property according to use into one of four classes: residential, open space, commercial, and industrial. Having classified the real property, local officials are permitted to determine locally, within limits established by statute and the Commissioner of Revenue, what percentage of the tax burden is to be borne by each class of real property and by personal property owners.

Classification of the Tax Rate – Each year, the select board or city council vote whether to exercise certain tax rate options. Those options include choosing a residential factor ([MGL c. 40 § 56](#)), and determining whether to offer an open space discount, a residential exemption ([c. 59, § 5C](#)), and/or a small commercial exemption ([c. 59, § 5I](#)) to property owners.

Code of Ethics – The provisions and requirements of [MGL c. 286A](#) pertaining to the standards of behavior and conduct to which all public officials and employees are held. (See State Ethics Commission)

Collective Bargaining – The process of negotiating workers' wages, hours, benefits, working conditions, etc., between an employer and some or all of its employees, who are represented by a recognized labor union.

Commitment – This establishes the liability for individual taxpayers. For example, the assessors' commitment of real estate taxes fixes the amount the collector will bill and collect from property owners.

Community Preservation Act (CPA) – Enacted as [MGL c. 44B](#) in 2000, the CPA permits cities and towns accepting its provisions to establish a restricted fund from which monies can be appropriated only for a) the acquisition, creation and preservation of open space; b) the acquisition, preservation, rehabilitation, and restoration of historic resources; c) the acquisition, creation, preservation, rehabilitation, and restoration of land for recreational use; d) the acquisition, creation, preservation and support of community housing; e) the rehabilitation and restoration of open space or community housing that is acquired or created using monies from the fund; and (f) a municipal affordable housing trust. Acceptance requires town meeting or city council approval or a citizen

petition, together with referendum approval by majority vote. The local program is funded by a local surcharge up to 3 percent on real property tax bills and matching dollars from the state generated from registry of deeds fees.

Community Preservation Fund – A special revenue fund established pursuant to [MGL c. 44B](#) to receive all monies collected to support a CPA program, including but not limited to, tax surcharge receipts, proceeds from borrowings, funds received from the state, and proceeds from the sale of certain real estate.

Cost Approach – A method used to estimate the present market value of an existing property by calculating the current cost to rebuild it, then adjusting the cost downward for depreciation based on the property's actual age. Land is valued separately and added to the depreciated replacement cost.

Current Refunding of Debt – The process of immediately applying proceeds of refunding debt to redeem the old debt. That is, the maturity date on the old debt coincides with the issuance date of the new borrowing obligation. (See Refunding of Debt and Advance Refunding of Debt)

Cyclical Inspection Program – A cyclical reinspection program involves completing an interior and exterior inspection of all property over a multiyear period, not exceeding nine years.

Data Collection – Process of inspecting real and personal property and recording its attributes, quality, and condition.

Debt Authorization – Formal approval by a two-thirds vote of town meeting or city council to incur debt, in accordance with procedures stated in [MGL c. 44 §§ 1, 2, 3, 4a, 6-15](#).

Debt Burden – The amount of debt carried by an issuer usually expressed as a measure of value (e.g., debt as a percentage of assessed value, debt per capita, etc.). Sometimes debt burden refers to debt service costs as a percentage of the total annual budget.

Debt Exclusion – An action taken by a community through a referendum vote to raise the funds necessary to pay debt service costs for a particular project from the property tax levy but outside of the limits under Proposition 2½. By approving a debt exclusion, a community calculates its annual levy limit under Proposition 2½, then adds the excluded debt service cost. The amount is added to the levy limit for the life of the debt only and may increase the levy above the levy ceiling.

Debt Limit – The maximum amount of debt a municipality may authorize for qualified purposes under state law. Under [MGL c. 44 § 10](#), debt limits are set at 5 percent of EQV. By petition to the Municipal Finance Oversight Board, a community can receive approval to increase its debt limit to 10 percent of EQV.

Debt Service – The repayment cost, usually stated in annual terms and based on an amortization schedule, of the principal and interest on any particular bond issue.

Debt Statement – A report that local treasurers are required to file with DLS showing the authorized and issued debt, retired debt, and interest paid by a community during the prior fiscal

year, as well as authorized but unissued debt at year-end. Also known as the "Statement of Indebtedness."

Deferred Revenue – Amounts that do not meet the criteria for revenue recognition. Also, earned amounts that are not yet available to liquidate liabilities of a current period.

Deficit – The excess of expenditures over revenues during an accounting period. Also refers to the excess of the liabilities of a fund over its assets.

Demand Notice – When a tax bill becomes past due, the collector sends a demand notice requesting payment. The collector is required to issue a demand before initiating a tax taking.

Deputy Collector – A vendor empowered to take enforcement and collection actions on behalf of a community's collector.

Designated Unreserved Fund Balance – A limitation on the use of all or part of the expendable balance in a governmental fund.

DLS – The Department of Revenue's Division of Local Services

Emergency Spending – [MGL c. 44 § 31](#) allows a community to spend in excess of appropriation in cases of major disasters that pose immediate threats to the health or safety of people or property, following an emergency declaration by the Governor or two-thirds vote of the council or select board and the approval of the Director of Accounts.

Encumbrance – A reservation of funds to cover an obligation arising from a purchase order, contract, or salary commitment chargeable to, but not yet paid from, a specific appropriation account.

Enterprise Fund – Authorized by [MGL c. 44 § 53F½](#), an enterprise fund is a separate accounting and financial reporting mechanism for municipal services for which a fee is charged in exchange for goods or services. It allows a community to demonstrate to the public the portion of a service's total costs recovered through user charges and the portion subsidized by the tax levy, if any. With an enterprise fund, all costs of service delivery--direct, indirect, and capital --are identified. This allows the community to recover total service costs through user fees if it chooses. Enterprise accounting also enables communities to reserve the "surplus," or retained earnings, generated by the enterprise operation rather than closing this out to the general fund at year-end. Services that may be treated as enterprises include, but are not limited to, water, sewer, hospital, and airport services.

Equalized Valuations (EQVs) – An estimate of the full and fair cash value (FFCV) of all property in the state as of a certain taxable date. EQVs have historically been used as a variable in distributing some state aid accounts and in determining county assessments and other costs. The Commissioner of Revenue, in accordance with [MGL c. 58 § 10C](#), is charged with the responsibility of biennially determining an equalized valuation for each city and town in the state.

Excess and Deficiency (E&D) – Also called the "surplus revenue" account, this is the amount by which cash, accounts receivable, and other assets exceed a regional school district's liabilities and

reserves as certified by the Director of Accounts. The calculation is based on a year-end balance sheet submitted to DLS by the district's auditor, accountant, or comptroller. E&D is not available for appropriation until certified by the Director of Accounts.

Excess Levy Capacity – The difference between the levy limit and the amount of real and personal property taxes actually levied in a given year. Annually, the select board or city council must be informed of excess levy capacity and their acknowledgment must be submitted to DLS when setting the tax rate.

Exemption – A discharge, established by statute, from the obligation to pay all or a portion of a property tax. The exemption is available to particular categories of property or persons upon the timely submission and approval of an application to the assessors. Properties exempt from taxation include hospitals, schools, houses of worship, and cultural institutions. Persons who may qualify for exemptions include disabled veterans, blind individuals, surviving spouses, and seniors.

Exemption Date – Real estate tax exemption status is determined as of July 1. All qualifying factors must be met as of that date.

Expenditure – An outlay of money made by a municipality to provide the programs and services within its approved budget.

Fiduciary Funds – Repository of money held by a municipality in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and other funds. These include pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and agency funds.

Field Review Audit – A review of assessment valuation methods and support documentation by the BLA performed as a prerequisite to a five-year certification of property values.

Finance Committee – The Finance Committee serves as the Advisory Board, making recommendations to Town Meeting on the Town Budget and all Warrant Articles. In addition, the Finance Committee approves appropriations from the Reserve Fund.

Finance Control Board – A board created by special legislation and comprised of state officials to oversee the financial management of a community, which may have received deficit borrowing authorization or state loans to finance operating deficits.

Financial Advisor – An individual or institution that assists municipalities in the issuance of tax exempt bonds and notes. The public finance department of a commercial bank or a non-bank advisor usually provides this service.

Financial Disclosure Law – [MGL c. 268B](#) requires certain individuals, officials and candidates for elected office to file statements of financial interests with the State Ethics Commission.

Financial Statement – A presentation of the assets and liabilities of a community as of a particular date, most often after the close of the fiscal year.

Fiscal Year (FY) – Since 1974, the Commonwealth and municipalities have operated on a budget cycle that begins July 1 and ends June 30. Since 1976, the federal government fiscal year has

begun on October 1 and ended September 30. In each case, the designation of the fiscal year is that of the calendar year in which the fiscal year ends.

Five-year Certification – The Commissioner of Revenue, through BLA, is required to review local assessed values every five years to certify that they represent full and fair cash value. Refer to [MGL c. 40 § 56](#) and [c. 59 § 2A\(c\)](#).

Fixed Assets – Long-lived, tangible assets, such as buildings, equipment and land, obtained or controlled as a result of past transactions or circumstances.

Fixed Costs – Costs legally or contractually mandated, such as retirement, FICA/Social Security, insurance, debt service, or interest on loans.

Free Cash – Remaining, unrestricted funds from operations of the previous fiscal year, including unexpended free cash from the previous year, actual receipts in excess of revenue estimated on the tax recapitulation sheet, and unspent amounts in budget line items. Unpaid property taxes and certain deficits reduce the amount that can be certified as free cash. The calculation of free cash is based on the June 30 balance sheet, which is submitted by the community's auditor, accountant, or comptroller. Free cash is not available for appropriation until certified by the Director of Accounts. (See Available Funds)

Full and Fair Cash Value – The Massachusetts Supreme Judicial Court defines fair cash value as the "fair market value, which is the price an owner willing but not under compulsion to sell ought to receive from one willing but not under compulsion to buy. It means the highest price that a normal purchaser not under peculiar compulsion will pay at the time, and cannot exceed the sum that the owner after reasonable effort could obtain for his property. A valuation limited to what the property is worth to the purchaser is not market value. The fair cash value is the value the property would have on January 1 of any taxable year in the hands of any owner, including the present owner." ([Boston Gas Co. v. Assessors of Boston, 334 Mass. 549, 566 \(1956\)](#))

Full Faith and Credit Obligations – A pledge of the general taxing powers for the payment of governmental obligations. Bonds carrying such pledges are usually referred to as general obligation or full-faith-and-credit bonds.

Full Measure and List – An inspection program completed by assessors to maintain up-to-date property records. Properties are literally measured and relisted in the assessors' records with any changes in condition since the last inspection. Also referred to as a cyclical inspection program, BLA recommends a full measure and list be completed once in every nine-year cycle.

Fund – An accounting entity with a self-balancing set of accounts that is segregated for the purpose of carrying on identified activities or attaining certain objectives in accordance with specific regulations, restrictions, or limitations. Within a fund, financial resources and activity (assets, liabilities, fund balances, revenues, and expenditures) are accounted for independently. Examples of funds include the general fund and enterprise funds.

Fund Accounting – Organizing the financial records of a municipality into multiple, segregated locations for money. Communities whose accounts are organized according to the Uniform

Municipal Accounting System (UMAS) use multiple funds.

Fund Balance – The difference between assets and liabilities reported in a governmental fund. Also known as fund equity.

General Fund – The fund used to account for most financial resources and activities governed by the normal town meeting or city council appropriation process.

General Fund Subsidy – Most often used in the context of enterprise funds. When the revenue generated by rates or user fees is insufficient to cover the cost to provide a particular service, general fund money is used to close the gap in the form of a subsidy. The subsidy may or may not be recovered by the general fund in subsequent years.

General Ledger (GL) – The accountant's record of original entry, a general ledger is a set of numbered accounts used to track financial transactions and prepare financial reports. Each account is a distinct record summarizing each type of asset, liability, equity, revenue and expense. A chart of accounts lists all the accounts in the general ledger.

General Obligation Bonds – Bonds issued by a municipality that are backed by the full faith and credit of its taxing authority.

Government Finance Officers Association (GFOA) – A nationwide association of public finance professionals.

Governmental Accounting Standards Board (GASB) – The ultimate authoritative accounting and financial reporting standard-setting body for state and local governments.

Governmental Funds – Funds generally used to account for tax-supported activities. There are five different types of governmental funds: general, special revenue, capital project, debt service, and permanent.

Home Rule – Refers to the power of municipalities to regulate their affairs by bylaws/ordinances or home rule charters subject to certain limitations.

Home Rule Charter – An alternative, under [MGL c. 43B](#), to create a charter commission by which cities and towns may create, adopt, revise and amend local charters.

Income Approach – A method of estimating property value by converting anticipated net rental revenue generated by the property into an indication of market value. Used primarily to value commercial/industrial properties and apartment buildings, which are normally bought and sold on the basis of their income producing capabilities.

Indirect Cost – Costs of a service not reflected in the operating budget of the entity providing the service. The matter of indirect costs arises most often in the context of enterprise funds. An example of an indirect cost of providing water service would be the value of time spent by non-water-department employees who process water bills. A determination of these costs is necessary to analyze the total cost of service delivery.

Informational Guideline Release (IGR) – Provided on the DLS website, IGRs are DLS publications that outline a policy or administrative procedure or that provide a law update related to municipal finance.

Inside Debt – Municipal debt incurred for purposes enumerated in [MGL c. 44, § 7](#) and within the community's debt limit, which is an amount no higher than five percent of the community's equalized valuation. Because this type of borrowing is below the debt limit, it is referred to as inside debt. (See Outside Debt)

Interest – Compensation paid or to be paid for the use of money, including amounts payable at periodic intervals or discounted at the time a loan is made. In the case of municipal bonds, interest payments accrue on a day-to-day basis but are paid every six months.

Interest Rate – The interest payable, expressed as a percentage of the principal available, for use during a specified period of time. It is always expressed in annual terms.

Interim-year Valuation Adjustment – State law requires that local assessed values reflect market value every year. Every five years, BLA reviews and certifies that an individual community's assessed values meet this standard. In between these five-year revaluations, a community must complete an annual analysis to determine whether an interim-year value adjustment is warranted and report the results to BLA. Depending on market conditions and property value trends, adjustments may increase or decrease values or leave them unchanged.

Investments – Securities and real estate held for the production of income in the form of interest, dividends, rentals, or lease payments. The term does not include fixed assets used in governmental operations.

Land Court – Established in 1898, the Land Court has the exclusive jurisdiction to foreclose rights of redemption on a property in tax title.

Land of Low Value ([MGL c. 60 § 79](#)) – After 90 days from the date of a tax taking, the treasurer may work with the assessors to pursue a land of low value foreclosure through DLS, an alternative foreclosure procedure to seeking a Land Court decree. Annually, DLS publishes the maximum valuation of parcels qualifying for the land of low value foreclosure procedure.

Land Schedule – Typically developed by assessors and revaluation consultants, this is a table used to arrive at consistent assessed values for land within defined neighborhoods.

Legal Opinion (re: debt issuance) – An opinion by an attorney or law firm that bonds have been legally issued by a public body, and, usually, that the bonds are exempt from federal income taxes and some Massachusetts taxes under existing laws, regulations, and rulings.

Levy – The amount a community raises through the property tax. The levy can be any amount up to the levy limit, which is reestablished every year in accordance with Proposition 2½ provisions.

Levy Ceiling – A levy ceiling is one of two types of levy (tax) restrictions imposed by [MGL c. 59 § 21C](#) (Proposition 2½). It states that, in any year, the real and personal property taxes imposed may not exceed 2½ percent of the total full and fair cash value of all taxable property. Property

taxes levied may exceed this limit only if the community passes a capital exclusion, debt exclusion, or special exclusion.

Levy Limit – A levy limit is one of two types of levy (tax) restrictions imposed by [MGL c. 59 § 21C](#) (Proposition 2½). It states that the real and personal property taxes imposed by a city or town may only grow each year by 2½ percent of the prior year's levy limit, plus new growth and any overrides or exclusions. The levy limit can exceed the levy ceiling only if the community passes a capital expenditure exclusion, debt exclusion, or special exclusion.

Lien – A legal claim against real or personal property to protect the interest of a party (e.g., a city or town) to whom a debt is owed (e.g., taxes). In the case of real property, the lien in favor of a municipality automatically arises each January 1, but it must be secured through other action.

Lien Date – The date a lien arises on real property to protect the municipality's right to payment of taxes. Property tax liens arise by law on the January 1 assessment date. The lien is secured when the collector makes a tax taking and places the property in tax title. Unless the lien is secured, it expires if five years elapse from the January 1 assessment date and the property is transferred in the meantime.

Line-item Budget – A budget that stratifies spending into categories of greater detail, such as supplies, equipment, maintenance, or salaries, as opposed to a program budget.

Line-item Transfer – The reallocation of a budget appropriation between two line items within an expenditure category (e.g., salaries, expenses). Employed as a management tool, line-item transfer authority allows department heads to move money where a need arises for a similar purpose without altering the bottom line. Whether or not line-item transfers are permitted depends on how the budget is presented (i.e., its format) and what level of budget detail town meeting approves.

Local Aid – Revenue allocated by the state to cities, towns, and regional school districts. Estimates of local aid are transmitted to cities, towns, and districts annually by the Cherry Sheets. Most Cherry Sheet aid programs are considered general fund revenues and may be spent for any purpose, subject to appropriation.

Local Receipts – Locally generated revenues other than real and personal property taxes. Examples include motor vehicle excise, investment income, hotel/motel tax, fees, rentals, and charges.

Long-term Debt – Community borrowing, or outstanding balance at any given time, involving loans with a maturity date of 12 months or more. (See Permanent Debt)

Material Weakness – An audit term for a significant deficiency in a community's internal financial controls. It is a reportable condition (internal control weakness) of such magnitude as to potentially result in material misstatements of financial condition.

Maturity Date – The date that the principal of a bond becomes due and payable in full.

MGL – Massachusetts General Laws

Minimum Residential Factor (MRF) – Massachusetts' law allows for a shift of the tax burden from the residential and open space classes of property to the commercial, industrial and personal property classes (CIP). The MRF, established by the Commissioner of Revenue, is used to make certain the tax burden shift complies with the law. If the MRF would be less than .65, the community cannot make the maximum shift and must use a CIP factor less than 1.50 percent. Under specified conditions, some communities may use a CIP factor of up to 1.75 percent.

Motor Vehicle Excise – A locally imposed annual tax assessed to owners of motor vehicles registered to addresses within the community ([MGL c. 60A](#)). The excise tax rate is set by statute at \$25.00 per \$1,000 of vehicle value.

Multiple Regression – A technique for valuing real property that uses an equation generated through sales analysis to estimate the value of unsold properties.

Municipal(s) (As used in the bond trade) - "Municipal" refers to any state or subordinate governmental unit. Municipals (i.e., municipal bonds) include not only the bonds of all political subdivisions, such as cities, towns, school districts, and special districts but also bonds of the state and agencies of the state.

Municipal Charges Lien – For delinquent water ([MGL c. 40 §§ 42A-F](#)), sewer ([MGL c. 83 §§ 16A-F](#)), and trash ([MGL c. 44 § 28C\(f\)](#)) charges, a community may lien these amounts on the property tax, provided the enabling legislation is accepted and a certificate of acceptance is on file at the Registry of Deeds. For other unpaid local charges and fees, a community may adopt [MGL c. 40 § 58](#) separately for each purpose in order to lien each upon the property tax. The lien is created by recording a listing of a particular type of charge or fee (by parcel of land and by name) at the Registry of Deeds.

Municipal Finance Oversight Board – This board (consisting of the attorney general, state treasurer, state auditor, and director of accounts) approves use of qualified bonds and certain other municipal borrowings and other actions.

Municipal Revenue Growth Factor (MRGF) – An estimate of the percentage change in a municipality's revenue growth for a fiscal year. It represents the combined percentage increase in the following revenue components: automatic 2½ percent increase in the levy limit, estimated new growth, change in selected unrestricted state aid categories, and the change in selected unrestricted local receipts ([Education Reform Act of 1993](#)).

New Growth – The additional tax revenue generated by new construction, renovations and other increases in the property tax base during a calendar year. It does not include value increases caused by normal market forces or revaluations.

Nonrecurring Revenue Source – A one-time source of money available to a city or town. By its nature, a nonrecurring revenue source cannot be relied upon in future years, and therefore, such funds should not be used for operating or other expenses that continue from year to year.

Note – A short-term loan, typically with a maturity date of a year or less.

Official Statement – A document prepared for potential investors containing information about a

prospective bond or note issue and the issuer. The official statement is typically published with the notice of sale and sometimes called an offering circular or prospectus.

OPEB (Other Postemployment Benefits) – Many public employees earn benefits over their years of service that they do not receive until after their government employment ends. While pensions are the most common of these, other postemployment benefits generally include combinations of health, dental, vision, and life insurances. These are provided to eligible retirees and sometime to their beneficiaries, and as a group, are referred to as OPEB.

Operating Budget – The plan of proposed expenditures for personnel, supplies, and other expenses for the coming fiscal year.

Other Amounts to be Raised (as detailed on the Tax Recap) – Amounts not appropriated but raised through taxation. Generally, these are locally generated expenditures (e.g., overlay, teacher pay deferrals, deficits), as well as state, county, and other special district charges. Because they must be funded in the annual budget, special consideration should be given to them when finalizing budget recommendations to the city council or town meeting.

Outside Debt – Municipal borrowing for purposes enumerated in [MGL c. 44, § 8](#). Since this debt is not measured against a community's debt limit per [c. 10](#), the borrowing is outside the debt limit and therefore referred to as outside debt. (See Inside Debt)

Overlay (Overlay Reserve, or Allowance for Abatements and Exemptions) – An account that funds anticipated property tax abatements, exemptions, and uncollected taxes. Additions to the overlay reserve need not be funded by the normal appropriation process but instead raised on the tax rate recapitulation sheet.

Overlay Deficit – A deficit that occurs when the abatements and statutory exemptions charged to the overlay during a fiscal year exceed the account balance. Overlay deficits must be provided for in the next fiscal year.

Overlay Surplus – Any balance in the overlay account in excess of the amount remaining to be collected or abated can be transferred to this account. Within 10 days of a written request by the community's chief executive officer, the assessors must provide a certification of the excess amount of overlay available to transfer, if any. Overlay surplus may be appropriated for any lawful purpose. At the end of each fiscal year, unused overlay surplus is closed to surplus revenue; in other words, it becomes a part of free cash.

Override – A vote by a community at an election to permanently increase the levy limit. An override vote may increase the levy limit no higher than the levy ceiling. The override question on the election ballot must state a purpose for the override and the dollar amount.

Override Capacity – The difference between a community's levy ceiling and its levy limit. It is the maximum amount by which a community may override its levy limit.

Payment in Lieu of Taxes (PILOT) – An agreement between a municipality and an entity not subject to taxation, such as a charitable or educational organization, whereby the organization

agrees to make a voluntary payment to the municipality. By law, a city or town must make such a payment to any other community in which it owns land used for public purposes.

Pension (or other employee benefit) Trust Funds – A fiduciary fund type used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit (OPEB) plans, or other employee benefit plans.

Pension Cost – A measure of the periodic cost of an employer’s participation in a defined benefit pension plan.

Pension Plan – An arrangement for the provision of pension benefits to employees upon their retirements. All assets accumulated are used to pay benefits (including refunds of member contributions) to plan members or beneficiaries, as defined by the plan’s terms.

PERAC (Public Employee Retirement Administration) - Oversees and directs the state retirement system and administers benefits for members.

Permanent Debt – Borrowing by a community typically involving a debt service amortization period of greater than one year. (See Long-term Debt)

Permanent Funds – A fiduciary fund type used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government’s programs (that is, for the benefit of the government for its citizenry). An example is a cemetery perpetual care fund.

Personal Property – Movable items not permanently affixed to, or part of, the real estate. It is assessed separately from real estate to certain businesses, public utilities, and owners of homes that are not their primary residences.

Preliminary Tax – The tax bill for the first two quarters of the fiscal year, sent by communities on quarterly tax billing cycles or on annual preliminary billing systems. The tax bill is sent by July 1 and can generally be no greater than 50% of the amount due in the previous fiscal year.

Principal – The face amount of a bond, exclusive of accrued interest.

Pro Forma Recap Sheet – The Tax Recap sheet that communities on semiannual tax billing cycles submit to DLS when seeking to send optional preliminary tax bills for the first half of the fiscal year. This is done either because a community is in a recertification year or has a valuation-related delay in setting the tax rate.

Proposition 2½ – A state law enacted in [1980, Proposition 2½](#) regulates local property tax administration and limits the amount of revenue a city or town may raise from local property taxes each year to fund municipal operations.

Purchase Order – An official document or form authorizing the purchase of products and services.

Qualified Bond – A program unique to Massachusetts for municipalities with marginal credit

ratings, in which the State Treasurer pays the debt service directly from a community's local aid, thereby reinforcing the security of the bond and improving its marketability. The Municipal Finance Oversight Board authorizes issuance of these bonds under [c. 44A](#).

Raise and Appropriate – A phrase used to identify an expenditure's funding source as money generated by the tax levy or other local receipt.

Real Property – Land, buildings, and the rights and benefits inherent in owning them.

Receipts Reserved for Appropriation – Proceeds earmarked by law and placed in separate accounts for appropriation for particular purposes. For example, ambulance charges may be appropriated to offset expenses in providing ambulance services.

Receivables – An expectation of payment of an amount certain accruing to the benefit of a city or town.

Reconciliation of Cash – The process whereby the accountant and treasurer compare records to confirm available cash in community accounts.

Reconciliation of Receivables – The process whereby the accountant and collector compare records to confirm the amount of outstanding taxes.

Records Disposition Schedule – Published by the Secretary of State's Records Management Division and pursuant to [MGL c. 66](#), these guidelines on municipal records inform local officials as to how long and in what form records must be maintained and identifies those that may be lawfully disposed.

Recurring Revenue Source – A source of money used to support municipal expenditures, which by its nature can be relied on, at some level, in future years. (See Nonrecurring Revenue Source)

Refunding of Debt – Transaction whereby one bond issue is redeemed and replaced by a new bond issue under conditions generally more favorable to the issuer. (See Current and Advance Refunding of Debt)

Requisition – Form used by the requesting department when ordering products and services from external vendors. This document generates a purchase order.

Reserve Fund – An amount (not to exceed 5 percent of the tax levy for the preceding year) set aside annually within a community's budget to provide a funding source for extraordinary or unforeseen expenditures. In a town, the finance committee can authorize transfers from this fund for "extraordinary or unforeseen" expenditures. Other uses of the fund require budgetary transfers by town meeting. In a city, transfers from this fund may be voted by the city council upon recommendation of the mayor.

Residential Exemption – A municipality can grant a residential exemption of a dollar amount that cannot exceed 35 percent of the average assessed value of all residential class properties. The exemption reduces, by the adopted percentage, the taxable valuation of each residential parcel that is a taxpayer's principal residence. Granting the exemption raises the residential tax rate and shifts

the residential tax burden from moderately valued homes to apartments, summer homes, and higher valued homes.

Residential Factor – Adopted by a community annually, this governs the percentage of the tax levy to be paid by property owners. A residential factor of “1” will result in the taxation of all property at the same rate (single tax rate). Choosing a factor of less than one results in increasing the share of the levy raised by commercial, industrial and personal property. Residential property owners will thereby pay a proportionately lower share of the total levy. (See Minimum Residential Factor)

Retained Earnings – An equity account reflecting the accumulated earnings of an enterprise fund, which may be used to fund capital improvements, reimburse the general fund for prior-year subsidies, reduce user charges, or provide for enterprise revenue deficits (operating losses).

Revaluation – The assessors of each community are responsible for developing a reasonable and realistic program to achieve the fair cash valuation of property in accordance with constitutional and statutory requirements. The nature and extent of that program depends on the assessors’ analyses and consideration of many factors, including, but not limited to, the status of the existing valuation system, results of an in-depth sales ratio study, and accuracy of existing property record information. Every five years, assessors must submit property values to DLS for certification. Assessors must also maintain fair cash values in the years between certifications so that each taxpayer in the community pays his or her share of the cost of local government in proportion to the value of property they own. (See Five-year Certification)

Revenue Deficit – The amount by which actual revenues at year-end fall short of projected revenues and appropriation turnbacks and are insufficient to fund the amount appropriated. Unless otherwise funded, a revenue deficit must be raised in the following year's tax rate.

Revolving Fund – A fund that allows a community to raise revenues from a specific service and use those revenues without appropriation to support the service.

Rollback Taxes – Back taxes that become due when land valued, assessed and taxed under [MGL c. 61](#), [61A](#) or [61B](#) no longer qualifies as actively devoted to the purposes specified in each chapter.

Sale of Cemetery Lots Fund – A fund established to account for proceeds of the sale of cemetery lots. The proceeds may only be appropriated to pay for the cost of the land, its care and improvement or the enlargement of the cemetery under provisions of [MGL c. 114 § 15](#).

Sale of Real Estate Fund – A fund established to account for the proceeds of the sale of municipal real estate other than proceeds acquired through tax title foreclosure. [MGL c. 44 § 63](#) states that such proceeds shall be applied first to the retirement of debt on the property sold. In the absence of such debt, funds may generally be used for purposes for which the city or town is authorized to borrow for a period of five years or more.

Sales Comparison Approach – A method of estimating the value of property by comparing verified data about similar properties that have recently sold or are offered for sale on the open market and adjusting for differences from the subject, or unsold, property.

Schedule A – A statement of revenues, expenditures, and other financing sources, uses, changes in fund balance, and certain balance sheet account information prepared annually by the accountant or auditor at the end of the fiscal year. This report is based on the fund account numbers and classifications contained in the UMAS manual.

Short-term Debt – The outstanding balance, at any given time, on amounts borrowed with maturity dates of 12 months or less. (See Note)

Single Audit Act – For any community that expends \$750,000 or more per year in federal grant awards, the Single Audit Act establishes audit guidelines that reduce to only one the number of annual audits to be completed to satisfy the requirements of the various federal agencies from which grants have been received.

Small Commercial Exemption – A property tax classification option that allows a community to exempt up to 10 percent of the value of a Class Three, commercial parcel. The parcel must be occupied by a small business and have an assessed valuation of less than \$1 million. In effect, the option shifts the tax burden from parcels occupied by small businesses to those occupied by other commercial and industrial taxpayers. Eligible small businesses have an average annual employment of no more than 10 people.

Special Assessment – (See Betterments)

Special Assessment Exemption – Full discharge from the payment of betterments and special exemptions, granted only to government properties occupied for public purposes.

Special Exclusion – For a few limited capital purposes, a community may exceed its levy limit or levy ceiling without voter approval. Presently, there are two special expenditure exclusions: 1) water and sewer project debt service costs that reduce the water and sewer rates by the same amount; and 2) a program to assist homeowners to repair or replace faulty septic systems, remove underground fuel storage tanks, or remove dangerous levels of lead paint to meet public health and safety code requirements. In the second special exclusion, homeowners repay the municipality for the cost plus interest apportioned over a period of time, not to exceed 20 years (similar to betterments).

Special Revenue Fund – Funds, established by statute only, containing revenues that are earmarked for and restricted to expenditures for specific purposes. Special revenue funds include receipts reserved for appropriation, revolving funds, grants from governmental entities, and gifts from private individuals or organizations.

Stabilization Fund – A fund designed to accumulate amounts for capital and other future spending purposes, although it may be appropriated for any lawful purpose ([MGL c. 40 § 5B](#)). Communities may establish one or more stabilization funds for different purposes and may appropriate any amounts into them. A two-thirds vote of town meeting or city council is required to establish, amend the purpose of, or appropriate money from a stabilization fund. A majority vote of town meeting or city council is required to appropriate money into a stabilization fund.

State Ethics Commission – This state agency was established to foster integrity in government and promote public trust. The Commission enforces a code of ethics and the Financial Disclosure Law.

Surety Bond – A performance bond that protects a municipality against financial loss arising from a breach of public trust by an employee who collects money on its behalf.

Surplus Revenue – The amount by which cash, accounts receivable, and other assets exceed liabilities and reserves.

Tailings – Unclaimed municipal funds in the custody of a municipality, which are retained in a repository (referred to as a tailings account) until eventual disposition ([MGL c. 200A](#)). Tailings include unclaimed tax refunds, uncashed payroll checks, vendor payments yet to clear, etc.

Tax Increment Financing Exemption (TIF) – In accordance with [MGL c. 59 § 5\(51\)](#), a property tax exemption negotiated between a community and a private developer, typically implemented over a period up to 20 years, and intended to encourage industrial/commercial development.

Tax Maps – Used to determine the location of properties, indicate the size and shape of each parcel, and show their relation to features that affect value. Maps also provide a complete inventory of all land parcels, helping to minimize the problems of omitted parcels and duplication of listing. Also referred to as assessors' maps.

Tax Possession – Once a tax title has been foreclosed in Land Court, the treasurer records the decree at the Registry of Deeds as a municipally owned property, which thus becomes a tax possession. For a property issued a Land of Low Value affidavit by DLS, the municipality must hold an auction prior to it becoming a tax possession.

Tax Rate – The amount of property tax stated in terms of a unit of the municipal tax base; for example, \$14.80 per \$1,000 of assessed valuation of taxable real and personal property.

Tax Rate Recapitulation Sheet (the Tax Recap) – The document a city or town submits to DLS to set a property tax rate, the recap shows all estimated revenues and actual appropriations that affect the property tax rate. It should be submitted to DLS by September 1 (in order to issue the first-half semiannual property tax bills before October 1) or by December 1 (to issue actual tax bills on or before December 31 in a quarterly community or a semiannual community issuing annual preliminary tax bills).

Tax Title (or Tax Taking) – A collection procedure that secures a municipality's lien on real property and protects its right to payment of overdue property taxes. Without a taking, the lien expires if five years elapse from the January 1 assessment date and the property has been transferred to another owner.

Tax Title Foreclosure – The procedure initiated by a city or town treasurer in Land Court, or through the land of low value process, to obtain legal title to real property already in tax title and on which property taxes are overdue. The treasurer must wait at least six months from the date of a tax taking to initiate Land Court foreclosure proceedings ([MGL c. 60 § 65](#)).

Tax Title Redemption – The payment by a property owner of all overdue taxes, fees, charges, other costs, and interest on real property that the municipality had placed in tax title. The taxpayer's right to redeem terminates when the treasurer receives a Land Court decree or land of low value affidavit, records the affidavit, and holds an auction.

Temporary Debt – Borrowing by a community in the form of notes and for a term of one year or less. (See Short-term Debt)

Town Meeting – The legislative body responsible for enacting Town By-Laws and approving the Municipal Budget.

Trust Fund – In general, a fund for money donated or transferred to a municipality with specific instructions on its use. As custodian of trust funds, the treasurer invests and expends such funds as stipulated by trust agreements, as directed by the commissioners of trust funds, or by town meeting. Both principal and interest may be used if the trust is established as an expendable trust. For nonexpendable trust funds, only interest (not principal) may be expended as directed.

Turnover Sheet – A form completed by municipal departments that accompanies the physical transfer of departmental revenues (or bank deposit slips reflecting revenues) to the treasurer.

Uncollected Funds – Recently deposited checks that are included in an account's balance but drawn on other banks and not yet credited by the Federal Reserve Bank or local clearinghouse to the bank cashing the checks. These funds may not be loaned or used as part of the bank's reserves, and they are not available for disbursement.

Underride – A vote by a community to permanently decrease the tax levy limit. It is the exact opposite of an override.

Undesignated Fund Balance – Monies in the various government funds as of June 30 that are neither encumbered nor reserved and are therefore available for expenditure once certified as part of free cash.

Unfunded OPEB Liability – This is the difference between the value assigned to the benefits (other than retirement) already earned by a municipality's employees and the assets the local government will have on hand to meet these obligations. (See OPEB)

Unfunded Pension Liability – This is the difference between the value assigned to the retirement benefits already earned by a municipality's employees and the assets the local retirement system will have on hand to meet these obligations. The dollar value of the unfunded pension liability is redetermined every three years and driven by assumptions about the interest rates at which a retirement system's assets will grow and the rate of the pensioners' future costs of living increases. (See Pension Plan)

Uniform Municipal Accounting System (UMAS) – UMAS succeeded the statutory accounting system (STAT) and is regarded as the professional standard for municipal accounting in Massachusetts. As a uniform system for local governments, it conforms to Generally Accepted Accounting Principles (GAAP), offers increased consistency in reporting and recordkeeping, and enhances the comparability of data among cities and towns.

Uniform Procurement Act – [MGL c. 30B](#) establishes uniform procedures for local government to use when contracting for supplies, equipment, services, and real estate.

Unreserved Fund Balance (Surplus Revenue Account) – The amount by which cash, accounts receivable, and other assets exceed liabilities and restricted reserves. It is akin to a "stockholders' equity" account on a corporate balance sheet. It is not, however, available for appropriation in full because a portion of the assets listed as "accounts receivable" may be taxes receivable and uncollected. (See Free Cash)

Valuation – The legal requirement that a community's assessed value on property must reflect its market, or full and fair, cash value.

Warrant – An authorization for an action. For example, a town meeting warrant establishes the matters that may be acted on by that town meeting. A treasury warrant authorizes the treasurer to pay specific bills. The assessors' warrant authorizes the tax collector to collect taxes in the amounts and from the persons listed.
