**WPA NOI 167-0414** from Foresight Land Services on behalf of Berkshire Natural Resources Council, property off the north side of State Road, Map 16 Lot 16-2E. The proposed work includes constructing a pedestrian bridge across Thomas & Palmer Brook and installation of a proposed gravel parking area between State Road and the Brook. Foresight Land Services Rep, Marc Volk, and Narain Schroder of BNRC proposed the removal of the slowly decaying trailer truck frames, open up waterway, and build a bridge over Thomas & Palmer Brook 2.5' above grade and above flood plain level. Purpose of parking lot and bridge is to provide a way for small maintenance machines to tend to BNRC trails and allow the trail to be more safe and accessible to the public. Parking lot will have native species planted along the

parking lot edge and post & rail fence. Project intended to begin in Spring. **Jeff Cohen motioned and Lisa Bozzuto seconded for approval with Standard Conditions; Unanimous Approval**

**Discussion with Mike Parsons of Kelly Granger Parsons & Associates** concerning his preparation of an NOI for James Larkin pertaining to restoration and/or compensation for alterations to resource areas at the confluence of the Green and Housatonic Rivers (Map 38 Lot 44). Mike parsons presented questions: 1. Can a surveyable path be mowed with a brush hog? 2. Permission to clean up the felled trees? 3. Do we want the field to be put in crop production? The Commission generally supported agricultural production. The Commission needs to see a plan of action, in order to proceed, which should include replanting on RIVERFRONT AREA between the river and farmland.

**Discussion with Accord Engineering and Green House Partners LLC** concerning possible changes to the condominium development project permitted at 27 Humphrey Street, Map 20 Lots 2, 5, 8 & 8B.
