10-Day Emergency Beaver Permit

In accordance with and pursuant to provisions contained in Chapter 131 MGL Section 40, 80A and 321 CMR 2.08 and 10, the applicant and his agent may immediately remedy the threat to human health and safety by

☐ **Use of Conibear or Cage Traps** ☐ **Breaching of Dams*** ☐ **Install Water Flow Device***

Conditions of Permit: Any disturbance within a wetland, such as breaching a dam or the installation of a water leveling device, shall only be performed with the permission of the Conservation Commission. Breaching of dams requires a plan to prevent sudden flooding downstream. This permit does not allow applicant or his agent to trespass on private property. See Attached Trapping Regulations. A copy of this permit should be carried on the person doing the work. **Contractor or Trapper must provide written report of work done to Board of Health.** Other _____
