ARTICLE 24:

To see if the Town will vote to amend Sections 9.4, 3.1.4 (Table of Use Regulations) and 11 (Definitions) of the Zoning Bylaw as set forth in this article, or to take any other action relative thereto.

Purpose of the Amendment: These amendments will update the rules for the B-3 zone, which was adopted in 2007 in order to stimulate development at two large, abandoned sites – the former Searles-Bryant school and the Log Homes property – both on Bridge Street.

While well intentioned and aspirational in nature, in fact, the B-3 zone has not served its primary purposes. The current regulations are a set of design controls, open space and affordable housing bonus provisions, and strict parking requirements, all wrapped into a complicated special permit process. The B-3 zone also included several lots on Church and School Street, none of which is large enough to lend itself to the sort of transformative development that the B-3

zone was designed to encourage; unfortunately, the B-3 rules could be used in a way to demolish small existing buildings in order to build new.

Fifteen years since its passage, both of the key campus sites have been partially developed, and permits are in place that would enable more development to be completed. Bryant was saved and reused, and Searles is permitted to be saved and reused as a hotel. Affordable housing was built on the Log Homes site and will be occupied by the time of the 2021 Annual Town Meeting, and riverfront open space has been preserved for public enjoyment on both sides of the River. The forward progress in this zone has come not because of the B-3 zone provisions but despite them.

The Planning Board proposes to update the regulations to clarify the purpose of the zone and significantly streamline the development process

Amend Section 9.4 as follows:

9.4 DOWNTOWN MIXED-USE B3 DISTRICT

9.4.1 Purpose. The Downtown Mixed-Use B3 District is a transitional area between the downtown business core and ~~the~~ residential neighborhoods. Mixed uses may occur vertically or horizontally. Development and redevelopment in the district is intended to respect the traditional scale, massing, and character of the downtown.~~ The district is intended to foster the redevelopment of existing buildings or redevelopment that creates a positive pedestrian environment with active pedestrian amenities. ~~9.4.3 Definitions.~~ For the purposes of this Section, the terms defined in Section 11, “Downtown Mixed Use B3 District” shall apply.

9.4.43 Permitted Uses. Permitted uses in the Downtown Mixed-Use B3 District are enumerated in Section 3.1.4, the Table of Use Regulations. The permitted uses are intended to promote multifamily residential uses, mixed uses and compatibility between residential and nonresidential uses.

Projects that incorporate both multifamily residential uses or assisted living facilities with any of the following non-residential uses, where at least 25% of the street-level floor space is utilized for these non-residential uses, shall be considered Mixed Use for this district, and shall be permitted by-right, subject to Site Plan Review, notwithstanding the permissions set forth for any individual use in Section 3.1.4:

The maximum number of dwelling units permitted by right shall be based on a minimum area of 2,500 square feet of land per dwelling unit, except that one two-family dwelling may be permitted on a lot of at least 5,000 square feet. The minimum area of land required per dwelling unit may be reduced through incentives described in this section and granted by special permit.~~

~~9.4.6 Open Space.~~ The Minimum open space required shall be 20% of the total lot area, subject to reduced requirements earned through incentives described in this section and granted by special permit. For the purpose of this section, "open space" shall be defined as yards, playgrounds, walkways and other areas not covered by parking and driveways; such open space need not be accessible to the public.

9.4.75 Parking. ~~Parking requirements for residential dwelling units shall be one parking space for each unit. No parking space shall reduce the effective width of a driveway providing access to more than one dwelling unit to less than 12 feet. In the event the parking spaces cannot be provided on the property, deviation from this requirement may be permitted in accordance with Section 6.1.9. The off-street parking requirements in Section 6.1 shall not apply in the B-3 District except as provided in this section. Off-street parking requirements in the B-3 District shall be as follows:~~

building code (Example: 3 spaces required for retail, 4 spaces required for offices: $(3 + 4) \times 0.5 = 3.5$, so 3 spaces, + 1 handicapped space, = 4 spaces are required); and

5. The parking requirements of paragraphs 2, 3, or 4 of this section may be waived if the SPGA grants a special permit pursuant to section 6.1.9.

9.4.86 Site Plan Review. ~~All redevelopment and development on a parcel or parcels in excess of 10,000 square feet of land shall be subject to site plan review by the Planning Board. No building permit for such a development shall be issued by the Building Inspector until the Planning Board has conducted site plan review in accordance with Section 10.5.~~

A special permit shall be required for any project seeking to use the density or open space incentives defined in this section. The Selectboard SPGA may grant a special permit in accordance with the provisions of Section 10.4.~~

9.4.10 Development Incentives. ~~To encourage specific attributes of development beneficial to the Town, the following incentives are offered by special permit.~~

- ~~1. Incentives for mixed use. Due to the proximity of this B3 District to the downtown core, and to promote the public enjoyment of development in this district, the following incentives are offered to promote mixed use, affordable housing, community supporting activities, river appreciation and community open space. Uses may simultaneously qualify for one or more incentives defined in this subsection.~~
- ~~2. Density incentives reduce land area per dwelling unit as set forth in Section 9.4.5. The maximum density incentive is a 50% reduction in required land area per dwelling unit.
 - ~~a. Mixed use: for each 1,000 square feet of nonresidential use, reduce the minimum land area required per unit by 1%.~~
 - ~~b. Affordable housing: for each unit of affordable housing reduce the minimum land area required by 5%.~~
 - ~~c. Density incentives are cumulative.~~~~
- ~~3. Open space incentives reduce total open space requirements as set forth in Section 9.4.7. The maximum open space incentive is a 50% reduction in total open space requirement.
 - ~~a. Community supporting activity: for the first use that the SPGA certifies as a legitimate community supporting activity, reduce the minimum open space required per unit by 5%. For additional uses occupying at least 1,000 square feet that the SPGA certifies as a legitimate community supporting activity, reduce the minimum open space required per unit by 5% for each 1,000 square feet. For the purpose of this section, a "community supporting activity" is defined as use or ownership by either a nonprofit organization or an educational or arts organization which provides services to the community.~~
 - ~~b. River appreciation: for a nonresidential use that facilitates the public enjoyment of the riverfront, as determined by the SPGA, reduce the minimum open space required per unit up to 15%.~~
 - ~~c. Community open space: for a nonresidential use that allows permanent public access to open space within the development, as determined by the SPGA, reduce the minimum open space required per unit up to 15%.~~
 - ~~d. Open space incentives are cumulative.~~~~

~~The Building Inspector shall not issue a building permit or the SPGA shall deny any application for a special permit for development or redevelopment under this section if the applicant does not comply with the following requirements:~~

- ~~1. For construction of 10 units or any multiple of 10, one of each 10 units shall be an affordable unit. For each unit sold prior to provision of the required affordable housing units, a performance security, in the amount of 3.5% of the sales price of each unit, shall be placed in escrow to be held by the Municipal Affordable Housing Trust Fund. Such contributions to escrow shall be made at time of closing for each unit sold and shall be returned to the developer in proportion to the completion of the affordable housing units. For purposes of this section, "completion" means a certificate of occupancy under the State Building Code has been issued.~~
- ~~2. When the total number of units is not evenly divisible by 10, applicants under this section shall either:
 - ~~a. Construct one additional affordable unit in addition to those required pursuant hereto; or~~
 - ~~b. Contribute, at time of closing, 3.5% of the sales price of each fractional unit to the Municipal Affordable Housing Trust Fund. Fractional units are determined as follows:
 - ~~1. For construction of more than four but less than 10 dwelling units, the number of fractional units is the total number of units.~~
 - ~~2. For construction of more than 10 units or any multiple of 10, the number of fractional units is determined by subtracting the largest multiple of 10 from the total number of units.~~~~~~
- ~~3. Income and asset limits for purchasers or renters: To ensure that only eligible households purchase or rent affordable housing units, the purchaser or renter of an affordable unit shall be required to certify that his/her annual income does not exceed 80% of the area wide median household income adjusted for household size, as determined by the United States Department of Housing and Urban Development ("HUD") and using HUD's rules for attribution of income to assets, as may be revised from time to time.~~
- ~~4. The maximum housing cost for affordable units created under this section shall be as set forth in the Local Initiative Program Guidelines of the Massachusetts Department of Housing and Community Development ("DHCD"), dated November 2006, or as subsequently amended.~~
- ~~5. Preservation of affordability. Each affordable unit created in accordance with this section shall have limitations governing its resale. The purpose of these limitations is to preserve the long term affordability of the unit and to ensure its continued availability for low and moderate income households.~~
- ~~6. The developer or redeveloper of any project under this section shall execute and properly record a LIP Regulatory Agreement and Deed Rider in the form required under the Local Initiative Program Guidelines,~~

which constitute "affordable housing restrictions" as defined in G.L. c. 184, s. 31, and provide for affordability in perpetuity.

~~7. The purchaser of any affordable unit under this section shall execute and properly record an Affordable Housing Deed Rider for Projects in Which Affordability Restrictions Survive Foreclosure, or as it may be subsequently amended, in the form used for so-called Local Action Unit (LAU) homeownership projects under the regulations of the DHCD. This deed rider establishes the formulas for maximum resale price, and provides an option to purchase to the municipality if an eligible purchaser cannot be found.~~

9.4.12 Affordable Housing; Specific Requirements. The purpose of this subsection is to provide for the development of affordable units in compliance with various initiative programs developed by state and local government. This subsection does not apply to construction of four or fewer dwelling units on the same lot. Provided that there are more than four dwelling units in a development subject to this Section, at least 10% of the units shall be established as affordable units:

- ~~1. Affordable housing units shall be constructed and made available for occupancy coincident with and in proportion to the development of market rate units.~~
- ~~2. All affordable units shall be situated within the development in no less desirable locations than market rate units in the development;~~
- ~~3. All affordable units shall be no less accessible to public amenities, such as open space, than the market rate units;~~
- ~~4. All affordable units shall be integrated with the rest of the development;~~
- ~~5. All affordable units shall be compatible in design, appearance, construction and quality of materials with other units; interior features of affordable units shall comply in all respects to the minimum design and construction standards set forth in Section III of the Local Initiative Program Guidelines cited below.~~

9.4.13 Affordable Housing Units; Marketing Plan. Applicants under this section shall submit a marketing plan to the Building Inspector or SPGA for approval, which describes how the affordable units will be marketed to potential home buyers or tenants. This plan shall include a description of the lottery or other process to be used for selecting buyers or tenants and shall comply with all applicable provisions of state law regarding marketing of, and tenants or buyer selection for, affordable units.

- ~~1. Local preference shall be given to the maximum extent permitted by law.~~

ARTICLE 25:

We the undersigned submit this citizen's petition to the voters of the Town of Great Barrington:

To see if the Town will vote to amend sections 7.18.4 and 7.18.5 of the Great Barrington Zoning bylaw 7.18 Marijuana Establishments and Medical Marijuana Treatment Centers and modify section 3.1.4 Table of Uses accordingly or to take any other action relative thereto.

Purpose of the Amendment: The undersigned propose this amendment in response to the concerns expressed by some residents in numerous public meetings and forums as to the negative impacts of marijuana businesses in our community, particularly those located or proposed to be located in or near our residential neighborhoods. Our Master Plan states, "Great Barrington's vision includes protecting and enhancing our compact village centers, historic treasures, natural resources, farms, and open spaces, all of which contribute to Great Barrington's distinctive character. Our goals include directing development and growth into village centers, supporting existing residential neighborhoods, and ensuring that new developments in resource areas are sited and build it in a way that sustains our rural countryside and agricultural areas."

The Master Plan further states, "Residents expect and deserve quiet neighborhoods free from odor, glare, noise and other impacts of commercial activity. Proper buffering and design standards can help ensure business remains healthy and residential property values remain stable, while still encouraging concentration of development in the core areas." The undersigned bring forward the below changes to Zoning by law 7.18 in an effort to better align this bylaw and the Table of Uses with the goals and objectives of the Master Plan.

Proposed deletions of existing text are ~~struck through~~.

Proposed insertions are underlined.

1. *Amend Portions of Section 7.18.4 as follows:*

7.18.4. Locational requirements. Marijuana establishments may be located in accordance with Section 3.1.4, Table of Use Regulations, except as follows:

1. No marijuana establishment or medical marijuana treatment center may be located closer than ~~200~~ 500 feet from a preexisting public or private school providing education in Kindergarten or any of Grades 1 through 12 child care facility, including preschools and daycare centers, or any facility in which children commonly congregate, including, but not limited to, a public library, a playground or park, and athletic field or recreational facility, a place of worship, or a town-owned beach.
2. The distance in paragraph 1 is to be measured in a straight line from the nearest point of the property line of the proposed marijuana establishment or medical marijuana treatment center and the nearest point of the property line of the protected uses stated above in paragraph 1.
3. The Selectboard may, by special permit pursuant to Section 10.4, authorize a deviation from this distance requirement if it finds the marijuana establishment or medical marijuana treatment center will not be detrimental to a protected use.
4. No Marijuana Establishment of Medical Establishment of Medical Marijuana Treatment Center will be allowed in any Residential District as described in Section 2.0 of the Zoning Bylaws.
4. 5. Other types of marijuana establishments licensed by the Massachusetts Cannabis Control Commission may be permitted in accordance with the appropriate use category in the Table of Use Regulations.

2. Amend portions of Section 7.18.5 as follows:

7.18.5. Physical Requirements. In addition to pertinent requirements of implementing regulations of the Massachusetts Cannabis Control Commission. Marijuana establishments and medical marijuana treatment centers shall comply with the following:

1. All aspects of a marijuana establishment or medical marijuana treatment center relative to the acquisition, cultivation, possession, processing, sales, distribution, dispensing, or administration of marijuana, products containing marijuana, marijuana accessories, related supplies, or educational materials shall take place at a fixed location within a fully enclosed building or fenced area dedicated to the cultivation of marijuana and shall not be visible from the exterior of the business.
2. No unprotected storage of marijuana, related supplies, or educational materials is permitted.
3. No use shall be allowed by a Marijuana Establishment of Medical Marijuana Treatment Center which creates a nuisance to abutters or the surrounding area, or which creates any hazard, including but not limited to fire, explosion, fumes, gas, smoke, odors, obnoxious dust, vapors, offensive sound or vibration, flashes, glare, objectionable effluent or electrical interference, which may impair the normal use and peaceful enjoyment of any property, structure or dwelling in the surrounding area.
4. No odor from marijuana or its processing can be detected by a person with an unimpaired and otherwise normal sense of smell at the exterior of a Marijuana Establishment or Medical Marijuana Treatment Center or at any adjoining use of property.
5. No noise from the establishment of its operations, including but not limited to ventilation, can be detected by a person with unimpaired and otherwise normal hearing at the exterior of a Marijuana Establishment of Medical Marijuana Treatment Center or at any adjoining use or property.”
6. Marijuana Establishments or Medical Marijuana Treatment Centers with grow operations in a translucent building shall not illuminate grow operations between dusk and dawn.
3. 7. Marijuana not grown inside a securable structure shall be enclosed within a six-foot fence, and inasmuch as possible the plants shall be screened from view, at grade, from a public way or from a protected use.
- 4 8. No outdoor cultivation of marijuana shall be allowed within ~~fifty (50)~~ two hundred (200) feet of any property line.
9. No outdoor home cultivation of marijuana shall be allowed within (50) feet of any property line.

ARTICLE 26: (by Petition)

To forestall the chance that irreparable and irreversible harm be done to Town neighborhoods in which Special Permits for development may be awarded in possible error, we the undersigned ask that the Town put to a vote at a suitable time and place the following Bylaw Amendment:

A Town Bylaw Amendment to limit the role of unsubstantiated opinion as a factor in the award of Special Permits by the the Town Planning Board

"1. In voting on whether to grant Special Permits to development and/or business interests the members of the Planning Board in its capacity as sole Special Permit awarding authority must address abutters' specific quality of life concerns by reference to strict criteria and without recourse to vague, qualitative language elsewhere in the Bylaws which allow unsubstantiated claims as to the benign effect of a development on a neighborhood, to wit: claims by a developer that (A) a development 'will not be more detrimental than a previous use'; (B) as a standard for judging effects of increased traffic at a property proposed for a development (or change of use) words to the effect that 'proposed traffic will not be severely impacted by the [new] use'; (C) language currently in the bylaws and related to a development's proposed parking arrangement meet stringent standards (eg that a provision for not less than 1.5 parking slots per unit in a residential development be stipulated as a condition of award), standards moreover which realistically reflect the likelihood of the scale of vehicle ownership by tenants and users; (D) credible provision by the developer for such adequate parking specifically be made on published plans and in writing; (E) claims by a developer that a development is 'consistent with the neighborhood character' be deprioritized as a basis for awarding a Special Permit and replaced by a provision which requires the Planning Board to ascertain a 'neighborhood's character' before accepting assurances about what is, or is not, actually being changed, by whom and how much. To the extent that unsubstantiated claims by developers or their counsel or personnel on the basis of these above captioned Bylaw references occur they shall henceforth be adjudged inadequate as a standard for the award of Special Permits.

"2. The above-referenced 'strict criteria' for awarding Special Permits shall be the subject of review by the Selectboard as a basis for establishing public, Town-wide criteria for allowing fair and consistent Town development in which the views of all parties have equal weight in the outcomes that result from the award of Special Permits."

ARTICLES FOR ADJOURNED SESSION
OF SEPTEMBER 15, 2020 SPECIAL TOWN MEEING
(Numbered as appearing in the Warrant for that Meeting)

ARTICLE 26: (by petition)

To ask Town residents to vote to amend Zoning Bylaw §9.11 as set forth below, and to amend the Zoning Map accordingly:

1. Amend a portion of Section 9.11, Mixed Use Traditional Zone (MXD) as follows:

9.11.2 Location. The MXD shall consist of the land shown on the ~~2015~~ 2016 Town of Great Barrington Assessors' Map 22 as Parcels 2, 3A, ~~4-13~~ 4-6, ~~18-63~~ 63, ~~66-88~~ 66-72, 81-88, 88A and on Map 25 as Parcels 1-4.

2. Amend the Zoning Map by placing the following parcels in a R3 zone, as follows: the land shown on the 2016 Town of Great Barrington Assessors' Map 22 as Parcels 7-13, 18-62, 73-80.

Purpose of the Amendment: At the 2016 Annual Town Meeting the Town Planning Board put through a proposal that created the MXD zone. The stated purpose of the 2016 proposal cites "the recommendations of the 2013 Master Plan to update the zoning in certain commercial areas within walking distance of a village center, to preserve and enhance the mix of residential and retail uses, and to reflect the context of the built fabric." This MXD zone does not accomplish its stated purposes. It joins together two drastically different neighborhoods: the Mahaiwe Triangle (mostly residential parcels on Pope, Mahaiwe and Manville Streets, and 14 residential parcels along nearby Main Street) with commercial parcels west of Maple Avenue and south of Manville Street. The Mahaiwe Triangle is not a commercial area; it consists

of one-family residences 60-120years old with a smattering of houses legally converted into two-family and professional space.

As two separate pending lawsuits are demonstrating, this MXD zone has created a loophole by which land developers are acting without any effective zoning regulations. By examining the Table of Use Regulations in Zoning Bylaw §4.1.2, it is appropriate to place the Mahaiwe Triangle in a R3 Zone.

	Min lot	Width	Front	Side	Rear	Bldg %	Story	Height
R3	5000	50	25	10	30	25	2.5	35

ARTICLE 29: (by petition)

To see if the residents of this Town will vote to amend Chapter 241 of the Town Code, Division 3 Miscellaneous Rules and Regulations, as set forth below:

*Amend Section 241-1 **Placement on Agenda**, as follows:*

Every Great Barrington committee or board, whether appointed or elected, shall place on their agenda of public meetings an item for citizen speak time. Except for procedural and housekeeping matters, Town residents shall have the right to

address a Board on any item that requires a vote at a time before a Board votes on that item. Such residents will be allowed as much time as the proponent of an item is permitted to have.

Purpose of the Amendment: Under current law and procedure, residents have the right to speak at a public hearing or on a special permit or during Citizen Speak at the end of the evening’s meeting or when recognized by the Chair of a Board. There are often items on the agenda of a public meeting for which a Board will have a discussion and vote. Each Board allows the proponent of an item to present its proposal and to present evidence and testimony relative to such proposal. During and after such presentation, a Board may ask questions of the proponent. Rarely does a Board allow residents the right to speak at that time, before a vote on the item. Residents may speak as of right during the Citizen Speak portion at the end of a meeting. But this may be of little consequence to the merits of a proposal as a vote has already been taken. There are often meetings where a Board member may commend a resident on their comment and how the comment was relevant to the proposal. Unfortunately, the vote had already been taken.

This amendment will give residents the right to speak on a particular item at a time when the discussion of an item is still a viable matter. That is, the right to speak and offer comment on matters that affect them, before a Board has voted. In this way, a Board will have the benefit of hearing more than one side of an issue, not just the proponent but also those affected by such proposal. A Board must listen to more than just the proponent of a proposal.

ARTICLE 30: (by petition)

To see if the residents of this Town will vote to amend Chapter 189 of the Town Code, Division 2 Selectmen’s Regulations, as set forth below:

Amend Section 189-1 Meetings, subdivision C, paragraph (4), as follows

(4) Although the press and the public have the right to be present at any open meeting, they have no right to participate unless they are recognized by the Chairman. Except for procedural and housekeeping matters, Town residents shall have the right to address the Board on any item that requires a vote at a time before the Select Board votes on that item. Such residents will be allowed as much time as the proponent of an item is permitted to have.

Purpose of the Amendment: Under current law and procedure, residents have the right to speak at a public hearing or on a special permit or during Citizen Speak at the end of an evening’s meeting or when recognized by the Chair of the Select Board. There are often items on the agenda of a public meeting for which the Select Board will have a discussion and vote. The Select Board allows the proponent of an item to present its proposal and to present evidence and testimony relative to such proposal. During and after such presentation, the Select Board may ask questions of the proponent. Rarely does the Select Board allow residents the right to speak at that time, before a vote on the item. Residents may speak as of right during the Citizen Speak portion at the end of a meeting. But this may be of little consequence to the merits of a proposal as a vote has already been taken. As an example there was a recent meeting where a Board member commended the resident on their commitment and how the comment was relevant to the proposal. Unfortunately, the vote has already been taken.

This Amendment will give residents the right to speak on a particular item at a time when the discussion of an item is still a viable matter. That is, the right to speak and offer comment on matters that affect them, before the Board has voted. In this way, the Board will have the benefit of hearing more than one side of an issue, not just the proponent but also those affected by such proposal. The Board must listen to more than just the proponent of a proposal.

Resolution to Prohibit Hazardous and Toxic Waste Storage, Disposal, or Dumping in Great Barrington MA

To see if the Town of Great Barrington will vote to approve the following resolution:

Whereas the storage and disposal of hazardous and toxic waste, including PCB's from a variety of sources to include the "Rest of River" cleanup by GE is deleterious to the health of all life;

Whereas the storage and disposal of such waste is antithetical to the Food Sovereignty and Pollinator Friendly resolutions as adopted by the Town of Great Barrington;

Whereas we have sovereign rights as promulgated and protected under the Constitution of the United States of America, among them Life, Liberty and the Pursuit of Happiness. Without our health, healthy water, land and air, we are denied those inalienable rights;

Therefore, we, the citizens of the Town of Great Barrington, do here by adopt this resolution that prohibits the disposal, dumping or storage of hazardous and toxic waste from any source on the land or in the water in the Town of Great Barrington (including Housatonic) under any circumstances to ensure our rights and the rights of future generations to a healthy life.

ARTICLE 32: (by petition)

We sign this petition to close down and outlaw all privately owned "prisons-for-profit" state-wide in MA. These institutions are literally ruining the lives of countless inmates (and their loved ones), whereas properly run and supported State correctional facilities do help rehabilitate people giving them hop in the present, and futures they can look forward to, namely, the chance to contribute to society and live more and more meaningful lives for themselves and others.

HEREOF FAIL NOT, and of this Warrant and your doings thereon, make due return to the Clerk of said Town at or before the time and place of said meeting.

Given under our hands and the seal of the Town of Great Barrington, this 10th day of May 2021.
