April 12, 2023

Great Barrington Selectboard
334 Main Street
Great Barrington, MA 01230

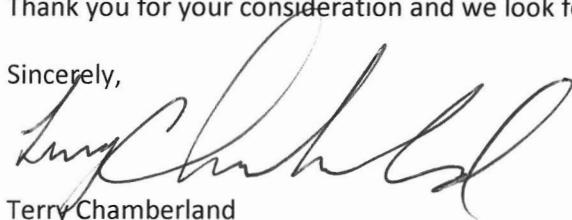

Dear Selectboard,

The Great Barrington Firefighter's Association hope to hold the 14th Annual Main Street Car Show on Thursday, August 3, 2023 with a Rain Date of August 10, 2023. This show will be similar in size and scope to previous years.

We have enclosed an Entertainment Permit application along with a description and map of the event. We are also requesting permission to close Main Street from Cottage Street to Bridge Street for the duration of the event, including lower Castle Street and Railroad Street. We will work with Chief Storti to ensure we have an effective traffic plan and enough detail officers. All roads will remain accessible for emergency vehicles and tractor trailers will be escorted through Main Street to alleviate congestion on East Street.

Thank you for your consideration and we look forward to another successful event.

Sincerely,

Terry Chamberland
Event Coordinator

GBFD Car Show 2023

Event Plan

Date: August 3, 2023

Time: 16:00-21:00

Event Coordinator: Terry Chamberland

Description

Downtown streets will be used for a car show displaying all types of motorized vehicles with vendors set up along the sidewalks selling food and other merchandise. Olde Yankee Street Rods will play recorded music through speakers set up on Main Street. 250-350 show cars are expected with several thousand people over the course of the night.

Command Post

Command post and work pool will be located at Railroad and Main Streets. All event staff shall report to the command post for an assignment.

Display Parking

Timing: Vehicle owners may park in a parking spot as early as noon. However, double parking and diagonal parking will be forbidden until the road is shut down at 16:00. Violators may be towed.

Locations: Main Street from Castle Street to Cottage Street, Castle Street, Railroad Street, and in front of the Town Hall. Locations for parallel and diagonal parking will be clearly delineated to ensure adequate lanes remain for tractor trailer escorts and emergency vehicle access

Priority: Vehicles will first be parked on Main Street from Elm to Castle, then Castle Street, Railroad Street, and in front of the Town Hall. Cars will then be parked on Main Street north of Elm Street as far as needed. Vintage fire apparatus will park in front of the old fire house. In service fire apparatus will park on the south side of Castle Street.

Reserving Parking: The DPW will line the sidewalks with cones during the morning. Event workers will use the cones to reserve parking spaces as they open up starting at 14:00. All cars must remain properly parked until the road is closed at 16:00. At that time cars will be allowed to diagonally park on Main Street. They must be properly parked by 21:00 when the road is re-opened or they will be towed.

Registration: Show car registration will be done at one table located by Old Yankee Street Road's PA system in Main Street. After the majority of vehicles are parked staff will try to locate the owners of any unregistered cars.

Planters: Care will be taken to avoid pedestrians trampling the plant boxes on Main Street. Cars will be parked to allow spectators to walk around vehicles without stepping in the planters.

Public Parking

We are working with the owners of several downtown parking lots to lift parking restriction on their lots at 16:00 p.m. to ensure adequate parking for the public. Parking will be available on side streets and Main Street from Cottage Street to State Road.

Security

There will be police officers at both ends of the event for traffic details. No additional security is planned.

Traffic

Detour: Main Street will be shut down from Castle Street to Cottage Street. North bound traffic will be diverted down Bridge Street and across East Street. South Bound traffic will be diverted down East Street, and back up Bridge Street. Tractor Trailers will be escorted by firefighters down Main Street.

Signs & Baracades:

- Sign boards will be placed on the north and south sides on route 7 to notify traffic of the detours.
- Cones will be used to create a staging lane for trucks on Main Street between Taconic Ave and Castle Street while detouring all other traffic over Bridge Street. Signs will also be used to properly direct traffic.
- Signs will be placed at State/East, North Plain/Main, and Cottage/Main to direct traffic
- Dresser, Pleasant, Church, and Elm will have baracades across them to stop traffic from driving through the crowd

Detail Officers: Two police details will be located at Main/Bridge, one at East/Cottage, and one at State/East and one at State/North Plain. The stop signs on East Street at the Cottage Street intersection will be covered to facilitate a steady flow of through traffic. Main Street from State Road to Cottage street will remain open for local traffic. See traffic detour maps for more details.

Emergency Access: All roads will remain accessible for emergency vehicle access.

Tractor Trailers: Crews of firefighters will slowly escort tractor trailers through Main Street during the event to alleviate congestion through the detour.

Local Traffic: Church and Pleasant Streets will closed off at Main Street. Rosseter Street and Dresser Ave will be diverted north on Main Street. We will secure water filled baracades from the Sheriff's department for the side street road closures. Any necessary local traffic will be escorted by firefighters to their destinations.

Handicap: All disabled people requesting special accommodations in reaching a destination within the event area will be accommodated. The crews assisting tractor trailers will provide a ride with a UTV to their destination.

EMS

SBVAS will have a rig mobile posted at the event, but not committed. No elevated hazards are anticipated.

Fire/Rescue

An engine, ladder, and rescue will be staged and in service on Castle Street. No elevated hazards are anticipated.

Communications

Event: Fire Ground 3

Traffic (Truck Escorts): Fire Ground 3—a mobile radio will be used to communicate from Castle Street to Cottage Street.

Traffic (Police Details): Central

Emergency: Standard dispatch and communications policies will remain in effect for police, fire, and EMS.

Vendors

Locations: Venders are being coordinated with the Chamber of Commerce. They will be located so as to not block or obstruct access to any open business or occupied building.

Permit: It is the responsibility of the vendor to obtain all necessary permits for their operations.

Restrooms

Accessible porta potties will be located in front of 297 Main Street and 244 Main Street.

Signs

Sign boards will advertise the event on both ends of town for the week. The messages will change to help guide traffic during the event.

Tents

None by the Firefighter's Association. Some vendors may use 10'x10' pop ups. They will be kept 10' from any structures.

Presentation on learnings from the Strategic Sustainability and Livability Committee

We (Natalie Narotzky and Jovanina Pagano) are sharing that after nearly 5 years of official committee status and a previous year + of other service to the Town, we recommend that the Strategic Sustainability & Livability Committee be dissolved. We will be presenting our request to the Selectboard on Monday, April 24th.

In addition to the request to dissolve the committee, we will share with the Select Board members some of the committee's successes as well as charging the Town with carrying forth some of the most important lessons learned from our more robust engagements, specifically the Municipal Vulnerability and Preparedness Projects, the Growing Better Great Barrington project, and the exploration of municipal composting.

For many months now, we have been talking a good deal about the SS&L committee and the pros and cons of continuing it or letting it go. While the committee has engaged in some really meaningful work over the past 5 years, we no longer have a quorum, and more importantly, our individual energy to keep it going has diminished.

We both still are very passionate about helping Great Barrington and the local area become a place where everyone is able to live healthily and safely, but we see our work moving away from committee work to other efforts. We deeply appreciate the efforts of so many community members who we have worked with or spoken to over the years or who have indicated interest and enthusiasm for the work. You all have made such a difference to the committee, to the Town, and to our individual lives. We have both been changed as a result of our work on the committee and are deeply grateful to have worked closely in the community around issues so central to us all.

We look forward to sharing our learnings with you all on April 24 and seeing what comes next.

With much gratitude and appreciation,
Natalie Narotzky, Chair
Jovanina Pagano, Vice Chair
