

# *You're Invited to the **Great Barrington** Complete Streets Open House*

*Interested in  
improving biking,  
walking, traffic safety,  
and public transit  
in town?*

Great Barrington is planning for Complete Streets. Complete Streets are streets for everyone. They are designed and operated to enable safe access for all users. The Town recently conducted a survey of complete streets needs that received 300 responses. The Open House will review the survey results and seek input on which projects the Town should request funding for. It will include a discussion of the South Main Street (Rt. 7) project, to gather the community's ideas about how to proceed with this transportation improvement project.

***6:00pm on Weds., April 25th  
@ the Senior Center (917 S. Main St.)***

*For questions about this project contact Town Planner Chris Rembold: [crembold@Townofgb.org](mailto:crembold@Townofgb.org)*
