## TOWN OF GREAT BARRINGTON MASSACHUSETTS

OFFICE OF PLANNING AND COMMUNITY DEVELOPMENT

### REQUEST FOR QUOTES CONSTRUCTION OF ACCESSIBLE TRAIL LAKE MANSFIELD FOREST

July 5, 2018

The Town of Great Barrington, in partnership with the Great Barrington Land Conservancy and pursuant to a Community Preservation Act grant, is seeking quotes from qualified contractors to construct approximately 1,000 linear feet of an accessible path in the Lake Mansfield Forest.

This new work shall match the existing section of the accessible trail in construction method, quality, and material(s). The trail shall be located approximately on the existing cleared and marked route. It shall be constructed with approximately 4 to 6 inches of compacted gravel material laid on geotextile fabric and shall be constructed without excavating the existing ground surface. The treadway shall be approximately 3 feet wide with several wider bumpouts spaced along the length of the trail in order to allow comfortable passage. The trail grades shall be finished to accessibility standards. Stone for trail cribbing is already available at the site.

The Town prefers this work to occur in September and October 2018 after the busy summer beach season. All work must be completed by June 30, 2019.

Price quotes shall be broken down into mobilization, equipment, labor, and materials categories, and then summed into a total price.

The selected Contractor will be expected to enter into a Contract with the Town, to provide appropriate insurances including workers compensation, and to pay prevailing wage as applicable.

Please submit quotes via email to [crembold@townofgb.org](mailto:crembold@townofgb.org) no later than **2:00 PM on July 19, 2018**.
