Section 4: Title VI Complaint Procedure

The Town’s Title VI Complaint Procedure is made available in the following locations:

- Agency website, if available: www.townofgb.org
- Hard copy in the central office
- Agency Title VI Plan

Any individual, group of individuals or entity that believes they have been discriminated against on the basis of race, color, or national origin by the Town may file a Title VI complaint by completing and submitting the agency’s Title VI Complaint Form.

Any individual having filed a complaint or participated in the investigation of a complaint shall not be subjected to any form of intimidation or retaliation. Individuals who have cause to think that they have been subjected to intimidation or retaliation can file a complaint of retaliation following the same procedure for filing a discrimination complaint.

A complaint must be filed with the Town no later than 180 days after the following:
1. The date of the alleged act of discrimination; or
2. The date when the person(s) became aware of the alleged discrimination; or
3. Where there has been a continuing course of conduct, the date on which that conduct was discontinued of the latest instance of the conduct.

Once the complaint is received, the Town will review it to determine if our office has jurisdiction. A copy of each Title VI complaint received will be forwarded to the Massachusetts Department of Transportation within ten (10) calendar days of receipt. The complainant will receive an acknowledgement letter informing her/him whether the complaint will be investigated by our office.

The Town has 45 days to investigate the complaint. If more information is needed to resolve the case, the Town may contact the complainant requesting further information. The complainant has # business days from the date of the letter to send requested information to the investigator assigned to the case. If the investigator is not contacted by the complainant or does not receive the additional information within # business days, the Town can administratively close the case.

After the investigator reviews the complaint, the agency will issue one of two (2) letters to the complainant: a closure letter or a letter of finding (LOF).

- A **closure letter** summarizes the allegations and states that there was not a Title VI violation and that the case will be closed.
- A **letter of finding (LOF)** summarizes the allegations and the interviews regarding the alleged incident, and explains whether any disciplinary action, additional training of the staff member, or other action will occur.

If the complainant wishes to appeal the decision it must direct the appeal to the agency initially. The complainant has 10 days after the date of the closure letter or the letter of finding to do so. If there is outstanding concern, the appeal may be directed to the state DOT or FTA. The appeal process information will be included in the letter.

A person may also file a complaint directly with the: Massachusetts Department of Transportation, Office of Diversity and Civil Rights, Attn: Title VI Specialist, 10 Park Plaza, Suite 3800, Boston, MA 02116; (857) 368-8580; TTY: 711; MassDOT.CivilRights@dot.state.ma.us;

Section 7: Public Participation Plan

Strategies and Desired Outcomes

To promote inclusive public participation, the Town will employ the following strategies, as appropriate (make these determinations based on a demographic analysis of the population(s) affected, type of plan, program and/or service under consideration, and the resources available):

- Provide for early, frequent and continuous engagement by the public
- Select accessible and varied meeting locations and times
- Employ different meeting sizes and formats
- Use social media in addition to other resources as a way to gain public involvement
- Use radio, television or newspaper ads on stations and in publications that serve LEP populations.
- Expand traditional outreach methods by visiting minority-owned or oriented stores/markets and restaurants, community centers, libraries, faith-based institutions, local festivals, etc.

Public Outreach Activities

The public outreach and involvement activities conducted by the Town since the last Title VI Program submission are summarized in the table below.

Specific Public Participation activities are listed in the table below:

Section 8: Language Assistance Plan

Plan Components

As a recipient of federal US DOT funding, the Town is required to take reasonable steps to ensure meaningful access to our programs and activities by limited-English proficient (LEP) persons.

Limited English Proficient (LEP) refers to persons for whom English is not their primary language and who have a limited ability to read, write, speak, or understand English. This includes those who have reported to the U.S. Census that they speak English less than very well, not well, or not at all.

The Town’s Language Assistance Plan includes the following elements:
- Item #1: The results of the Four Factor Analysis, including a description of the LEP population(s), served.
- Item #2: A description of how language assistance services are provided by language
- Item #3: A description of how LEP persons are informed of the availability of language assistance service
- Item #4: A description of how the language assistance plan is monitored and updated
- Item #5: A description of how employees are trained to provide language assistance to LEP persons

Four Factor Analysis Methodology

To determine if an individual is entitled to language assistance and what specific services are appropriate, the Town has conducted a Four Factor Analysis of the following areas: 1) Limited-English Proficient (LEP) Speaker Demography, 2) Contact Frequency, 3) Importance of Service, and 4) Resources and Costs.

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient. In addition to the number or proportion of LEP persons served, the Town will identify:

(a) How LEP persons interact with the recipient’s agency;

(b) Identification of LEP communities, and assessing the number or proportion of LEP persons from each language group to determine the appropriate language services for each language;

(c) The literacy skills of LEP populations in their native languages, in order to determine whether translation of documents will be an effective practice; and

(d) Whether LEP persons are underserved by the recipient due to language barriers.

Factor 2: The frequency with which LEP persons come into contact with the program: Identifies and assesses the frequency Town’s staff comes into contact with LEP persons. Examples of contact could include:

(a) Use of bus and rail service;
(b) Purchase of tickets through vending machines, outlets, websites, and over the phone;
(c) Participation in public meetings;
(d) Customer service interactions;
(e) Ridership surveys;
(f) Operator surveys.

September 2023
Factor 3: The nature and importance of the program, activity, or service provided by the program to people’s lives. Generally speaking, the more important the program, the more frequent the contact and the likelihood that language services will be needed.

Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach. Resource and cost issues can often be reduced by technological advances, reasonable business practices, and the sharing of language assistance materials and services among and between recipients, advocacy groups, LEP populations and Federal agencies. Large entities and those entities serving a significant number of LEP persons should ensure that their resource limitations are well substantiated before using this factor as a reason to limit language assistance.

| Item #1 – Results of the Four Factor Analysis (including a description of the LEP population(s) served) |
|---|---|---|

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered.

Of the 6,806 residents age 5 and over in the Town of Great Barrington service area, 94 residents describe themselves as speaking English less than “very well”. For the Town service area, the latest U.S. Census Bureau data shows that among the area’s population 1.4% speak English “less than very well.” For these groups who speak English “less than very well”, 52% speak Spanish.

| Town of Great Barrington – Languages Spoke at Home |
|---|---|---|
| Total Number | Percent of Population | Total Population of County |
| Speak Language other than English | 453 | 6% |
| Speak English Less than Very Well | 94 | 1% |
| Spanish | 49 | 52% |

Factor 2: The frequency with which LEP persons come into contact with the program.

The Town assessed the frequency with which staff and drivers have, or could have, contact with LEP persons. The Town provides approximately 600 passenger trips per year. If an individual has speech limitations, the dispatcher or driver will work with the Massachusetts Department of Transportation, if needed, to ensure the individual receives access to the transit services.

Factor 3: The nature and importance of the program, activity, or service provided by the program to people’s lives.

All of the Town’s programs are important; however, those related to safety, public transit, nondiscrimination and public involvement are among the most important. The Town is committed to providing meaningful access and will provide written translation for any of its documents, when reasonable, effective and with the available resources. In other cases, the Town will strive to provide alternative but meaningfully accessibility. Moreover, the Town continually evaluates its programs, services, and activities to ensure that persons who may be LEP are always provided with meaningful access. The Title VI policy, complaint form, and LEP policy are available in Spanish upon request.

Factor 4: The resources available for LEP outreach, as well as the costs associated with that outreach.

The Town makes every effort to make its programs, services, and activities, accessible to LEP individuals. The Town will use available resources, both internal and external to accommodate reasonable requests for translations.
Item # 2 – Description of how Language Assistance Services are Provided, by Language

The Town of Great Barrington has identified, developed, and uses the following:

a) The Town has staff that are available to assist with LEP responsibilities.
b) Web-based translations are available and customers can use Tablets for translation – these are available in the Town Hall for interactions with Town Staff.

Item # 3 – Description of how LEP Persons are Informed of the Availability of Language Assistance Service

In order to ensure that LEP individuals are aware of the Town’s language assistance measures, the Town provides the following:

- Title VI Program including the Language Assistance Plan is made available on website, if applicable, and hard copy in central office.

Item # 4 – Description of how the Language Assistance Plan is Monitored and Updated

The Town will continue to update the LEP plan as required by U.S. DOT. At a minimum, the Title VI Plan will continue to be reviewed and updated every three (3) years in conjunction with the Title VI submission and use data from the U.S. Decennial Census or the American Community Survey as available, or when it is clear that the concentrations of LEP individuals are present in the Insert Agency Name service area.

Updates will continue to include the following:

- The number of documented LEP person contacts encountered annually.
- How the needs of LEP persons have been addressed.
- Determination of the current LEP population in the service area.
- Determination as to whether the need for translation services has changed.
- Determine whether local language assistance programs have been effective and sufficient to meet the need.
- Determine whether the Town’s financial resources are sufficient to fund language assistance resources needed.
- Determine whether the Town has fully complied with the goals of this LEP Plan.
- Determine whether complaints have been received concerning the Town’s failure to meet the needs of LEP individuals.

Item # 5 - Description of how Employees are Trained to Provide Language Assistance to LEP Persons

The following training will continue to be provided to Town staff:

- Information on the Town’s Title VI Procedures and LEP responsibilities.
- Description of language assistance services offered to the public.
- Use of “I Speak” language cards (used to identify language preference) will be investigated and implemented if feasible.
- Documentation of language assistance requests.
- Use of web-based interpreter services (over the phone interpretation provider).
- How to handle a potential Title VI / LEP complaint.
Limited English Proficient (LEP) Resource Materials:

LEP Policy

Town of Great Barrington shall provide for communication for limited English proficient riders to ensure them equal opportunity to benefit from services. Family members or friends of limited English proficient riders will not be used as translators unless specifically requested by that individual. Arrangements have been made to use Town staff as translators for Spanish speakers. The Town will also utilize web-based translator programs if available.
